NOTICE UNDER SECTION 230(3) OF THE COMPANIES ACT, 2013 READWITH RULE 6 OF THE COMPANIES (COMPROMISES, ARRANGEMENTS AND AMALGAMATION) RULES, 2016 FOR CONVENING THE MEETING OF THE LISTED NON-CONVERTIBLE DEBENTURE HOLDERS OF M/S. OXYZO FINANCIAL SERVICES LIMITED

To,

Listed Non-Convertible Debenture Holders of
M/s. Oxyzo Financial Services Limited

Notice is hereby given that by an Order dated 11.09.2024 ("**Order**") passed by the Hon'ble National Company Law Tribunal, New Delhi has directed a meeting to be held of the Listed Non-Convertible Debenture Holders of M/s. Oxyzo Financial Services Limited for the purpose of considering, and if thought fit, approving with or without modification(s), the Scheme of Arrangement ("**Scheme**") between M/s. Zfirst Technologies Private Limited ("**Zfirst/ Amalgamating Company**") M/s. Oxyzo Financial Services Limited ("**Oxyzo/ Amalgamated Company**") and M/s. Ziel Financial Technologies Private Limited ("**Ziel/ Transferee Company**") and their respective shareholders under Sections 230 to 232 of the Companies Act, 2013 ("**Act**") read with Companies (Compromises, Arrangements and Amalgamation) Rules, 2016 ("**Rules**") and other applicable provisions of the Act.

In pursuance of the Order and as directed therein, further notice is hereby given that a meeting of the Listed Non-Convertible Debenture Holders of Oxyzo will be held on 07.12.2024 at 12:45pm throfugh video conferencing or other audio-visual means ("**VC/OAVM**"), following the operating procedures (with relevant modifications as may be required) referred to in Circular No. 14/2020 dated April 8, 2020; Circular No. 17/2020 dated April 13, 2020; Circular No. 20/2020 dated May 5, 2020; Circular No. 22/2020 dated June 15, 2020; Circular No. 33/2020 dated September 28, 2020; Circular No. 39/2020 dated December 31, 2020; General Circular No. 02/2022 dated May 5, 2022; General Circular No. 70/2022 dated December 28, 2022, General Circular No. 09/2023 dated September 25, 2023 and General Circular No. 09/2024 dated

September 19, 2024 issued by the Ministry of Corporate Affairs and the Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India (SS-2). At such day, date and time, the said Listed Non-Convertible Debenture Holders of Oxyzo are requested to attend the meeting following the operating procedures prescribed by the Ministry of Corporate Affairs, Government of India.

In pursuance of the Order and as directed therein, further notice is hereby given that a meeting of Listed Non-Convertible Debenture Holders of Oxyzo ("**Meeting**") will be held on 07.12.2024 at 12:45pm through VC/ OAVM.

Persons entitled to attend, and vote may vote through e-voting facility made available during the Meeting through VC/ OAVM. Oxyzo has appointed National Securities Depository Limited ("**NSDL**") to provide the facility for remote e-voting and e-voting in order to enable the Listed Non-Convertible Debenture Holders of Oxyzo to consider and approve the Scheme by way of resolution included in this Notice, as well as to enable the Listed Non-Convertible Debenture Holders of Oxyzo to attend and participate in the Meeting through VC/ OAVM. Accordingly, voting by Listed Non-Convertible Debenture Holders of Oxyzo shall be carried out through remote e-prior to the Meeting voting or e-voting facility made available during the Meeting, as stated below.

Copies of the Scheme and of the Statement under Sections 230 to 232 of the Act can be obtained free of charge at the registered office of Oxyzo, i.e., Shop No. G-22 C (UGF) D-1 (K-84), Green Park Main, New Delhi- 110016 on any working day, i.e, Monday to Friday upto the date of the Meeting between 10am to 6pm. Alternatively, Listed Non-Convertible Debenture Holders of Oxyzo may request for an electronic/ soft copy of the documents by sending an email to Oxyzo at csteam@oxyzo.in. A copy of the Notice and the accompanying documents are also placed on the website of Oxyzo at https://www.oxyzo.in/.

The facility of appointment of proxies by Listed Non-Convertible Debenture Holders of Oxyzo will not be available for such Meeting, as the Meeting will be conducted virtually through VC/ OAVM. However, a body corporate which is a Listed Non-Convertible Debenture Holder of Oxyzo is entitled to appoint a representative for the purposes of participating and/or voting during the Meeting. The remote e-voting shall commence from 02.12.2024 at 9:00am and shall end on 06.12.2024 at 5:00pm.

Each Listed Non-Convertible Debenture Holder of Oxyzo can opt only one mode of voting, i.e., either e-voting at the Meeting or by remote e-voting. In case of any Listed Non-Convertible

Debenture Holder of Oxyzo exercising the right to vote *via* both modes, i.e., casting vote by remote e-voting as well as during the Meeting, then remote e-voting shall prevail over voting by the said Listed Non-Convertible Debenture Holder of Oxyzo during the Meeting. The vote cast during the Meeting by such a Listed Non-Convertible Debenture Holder of Oxyzo shall, in that case, be treated as invalid. Once the vote on the resolution is cast by a Listed Non-Convertible Debenture Holder of Oxyzo, the Listed Non-Convertible Debenture Holder of Oxyzo will not be allowed to change it subsequently.

The Hon'ble Tribunal has appointed Mr. P. K. Malhotra, ILS (Retd.), Former Law Secretary (Government of India) and Former Member Securities Appellate Tribunal as the Chairperson of the Meeting and in his absence, Mr. Rajesh Sharma, as the Chairperson of the Meeting. The Hon'ble Tribunal has also appointed Mr. Varun Kumar Chopra, Advocate as the Scrutinizer of the Meeting. The Scheme, if approved by the meeting, will be subject to the subsequent approval of the Hon'ble Tribunal.

TAKE NOTICE that the following Resolution is proposed under Section 230(3) and other applicable provisions of the Act (including any statutory modification(s) or re-enactment thereof for the time being in force), and the provisions of the Memorandum of Association and Articles of Association of Oxyzo, for the purpose of considering, and if thought fit, approving, the Scheme:

d) Details of capital or debt restructuring, if any: N/A

e) Rationale and benefits of the Scheme:

i. The Scheme envisages amalgamation of the Amalgamating Company into and with the Amalgamated Company, resulting in transfer of the authorised share capital of the Amalgamating Company to the Amalgamated Company and consequential increase in the authorised share

capital of the Amalgamated Company. As a result, the Amalgamating Company will be dissolved without being wound up. Subsequent to the amalgamation of the Amalgamating Company into the Amalgamated Company, the Amalgamated Company would transfer the Transferred Undertaking, as defined in the Scheme, to the Transferee Company as a going concern on a Slump Sale basis with effect from Appointed Date for a consideration of Rs. 4,94,00,763/- (Rupees Four Crores Ninety Four Lakhs Seven Hundred and Sixty Three only).

ii. Pursuant to the amalgamation, the combination of financial, managerial, marketing, distribution and technical resources, personnel, capabilities, skills, expertise, infrastructure, assets and technologies of the Amalgamating Company pooled in the Amalgamated Company would lead to optimum use of infrastructure, cost reduction and enhance efficiencies, productivity gains and logistic advantages, thereby significantly contributing to the future growth and maximising value for their shareholders and other stakeholders including but not limited to customers, lenders, and employees.

iii. More efficient utilization of capital for enhanced development and growth of the business of the Amalgamated Company and Transferee Company.

iv. The Slump Sale of the Transferred Undertaking pursuant to the Scheme would enable consolidation of operations of facilitating loan services with the Transferee Company and thereby the Transferee Company would have higher access to financing services which will help deepen the reach and widen the delivery mechanism of financing services by improving last mile connectivity.

v. Cost savings are expected to flow from more focused operational efforts, rationalization, standardization and simplification of business processes.

4. SYNERGIES OF BUSINESS OF THE ENTITIES INVOLVED IN THE SCHEME

4.1 The proposed Amalgamation would result in the following synergies:

(a) The Scheme will ensure simplified and streamlined management and organizational structure and business processes by reducing the number of legal entities in the group structure which will significantly reduce multiplicity of legal and regulatory compliances and the related complexities and costs therein. The Scheme will further enhance the business oversight and eliminate duplicative communication and co-ordination efforts across multiple entities leading to better administration and standardization.

(b) Realization of benefits of greater synergies and economies of scale for the business of the Amalgamated Company yielding beneficial results.

(c) Reducing time and efforts for consolidation of financials at the group level.

(d) The Amalgamated Company can, pursuant to the Amalgamation, leverage the Amalgamating Company's intellectual property and technology system in furtherance of its focus of combing digital lending as part of its business offerings.

4.2 The proposed Slump Sale would result in the following synergies:

(a) The Transferred Undertaking has various complementary strengths and synergies which shall be helpful for the Transferee Company to further streamline its processes, augment its capabilities in the following ways:

i. Geographical presence: Currently, the Transferred Undertaking has 12 branches across Rajasthan and Haryana, and the Transferee Company does not have any presence at those 12 locations.

ii. Trained Staff: The Transferred Undertaking has ~80 trained staff, which staff would augment the organizational capability of the Transferee Company, post the Scheme becoming effective.

iii. Partnerships: The Transferred Undertaking has various partnerships and tie ups with intermediaries whose services would be complementary to the business of the Transferee Company.

(b) The segregation will allow the Amalgamated Company and Transferee Company to create a strong and distinctive platform with more focused management of the financial, managerial and technical resources enabling focused growth strategy for each of the businesses for exploiting opportunities specific to each business, which will enable greater flexibility to pursue long term objectives and independent business strategies thereby contributing to future growth.

5. IMPACT OF THE SCHEME ON THE NCD HOLDERS

5.1 For the holders of the NCDs, the Scheme will not have any impact considering the positive net worth of the Amalgamated Company post the Amalgamation, therefore, there would be no impact on the ability of the Amalgamated Company to pay interest and repay the principal amount represented by such NCDs. Further, the Scheme does not provide for any alteration in the existing terms and conditions of the Listed NCDs, as specified in **Annexure A** hereto,

CERTIFIED TRUE COPY

which could have any impact on the holders of such NCDs.

5.2 As the Scheme does not in any manner affect the interest of the holders of NCD, nor does it impact the ability of the Amalgamated Company to discharge its obligations towards the NCDs, no safeguards are being proposed under the Scheme, nor is any exit offer being offered to the dissenting holders of NCDs.

6. DATE OF TAKING EFFECT AND OPERATIVE DATE

6.1 Upon the sanction of the Scheme by the Competent Authority (*defined hereinafter*), the Scheme shall become operative on and from the Effective Date (*defined hereinafter*) and (a) the Amalgamating Company shall stand amalgamated into and with Amalgamated Company on and from and with effect from the Appointed Date for all intent and purposes; and (b) subsequent to the Amalgamation taking effect, the Transferred Undertaking shall get transferred from the Amalgamated Company to Transferee Company, as a going concern on a Slump Sale basis.

7. COMPLIANCE UNDER INCOME TAX ACT, 1961

7.1 The amalgamation of the Amalgamating Company into and with the Amalgamated Company in accordance with this Scheme will be in compliance with the provisions of Section 2(1B) of the IT Act (*defined hereinafter*), such that:

(a) all the properties of the Amalgamating Company, immediately before the amalgamation, shall become the property of the Amalgamated Company, by virtue of this amalgamation;

(b) all the liabilities of the Amalgamating Company, immediately before the amalgamation, shall become the liabilities of the Amalgamated Company, by virtue of this amalgamation; and

(c) shareholders holding not less than three-fourths in value of the shares in the Amalgamating Company (other than shares already held therein immediately before the amalgamation by, or by a nominee for, the Amalgamated Company or its subsidiary) will become shareholders of the Amalgamated Company by virtue of the amalgamation.

7.2 The Transferred Undertaking constitutes an "undertaking" as defined under Section 2(42C) read with Explanation I to Section 2(19AA) of the IT Act.

14.3 Where New Shares are to be issued and allotted to heirs, executors or administrators, as the case may be, to successors of deceased shareholders or legal representatives of the shareholders of the Amalgamating Company, the concerned heirs, executors, administrators, successors or legal representatives shall be obliged to produce evidence of title satisfactory to the Board of the Amalgamated Company.

14.4 In the event that the Amalgamating Company and/or the Amalgamated Company restructure their share capital by way of share split/consolidation/issue of bonus shares during the pendency of the Scheme, the Share Exchange Ratio, shall be adjusted accordingly to take into account the effect of any such corporate actions.

14.5 The New Shares to be issued by the Amalgamated Company pursuant to Clause 13.3 above in respect of such equity shares of Amalgamating Company which are held in abeyance under the provisions of Section 126 of the Act or which the Amalgamated Company is unable to issue due to non-receipt of relevant approvals or due to Applicable Law shall, pending allotment or settlement of the dispute by order of a court or otherwise, also shall be kept in abeyance in like manner by the Amalgamated Company.

14.6 In the event of there being any pending share transfers, whether lodged or outstanding, of any shareholders of the Amalgamating Company, the Board of the Amalgamating Company, shall be empowered prior to the Record Date, to effectuate such transfers in the Amalgamating Company as if such changes in registered holders were operative as on the Record Date, in order to remove any difficulties arising to the transferors of the shares and in relation to the New Shares to be issued by the Amalgamated Company pursuant to Clause 13.3 above after the Scheme is effected. The Board of the Amalgamated Company shall be empowered to remove such difficulties as may arise in the course of implementation of this Scheme and registration of new members in the Amalgamated Company on account of difficulties faced in the transition period.

14.7 The New Shares to be issued and allotted by the Amalgamated Company, in terms of Clause 13.3 above, shall be subject to the provisions of the memorandum and articles of association of the Amalgamated Company.

14.8 In case any member's shareholding in Amalgamating Company is such that on the basis of the aforesaid, the member is entitled to a fraction of share, such fractional entitlements shall be rounded to the nearest whole share.

14.9 It is clarified that upon the approval of this Scheme by the shareholders of the respective Companies under Sections 230 to 232 of the Act, the shareholders shall be deemed to have approved this Scheme under Sections 13, 14, 62, 188 and any other applicable provisions under the Act, and that no separate approval from or any shareholders and/or the creditors nor any further action, to that extent shall be required to be sought or undertaken by the respective Companies respectively, for the matters specified in this Scheme.

15.2 **ACCOUNTING TREATMENT IN THE BOOKS OF AMALGAMATING COMPANY**

As the Amalgamating Company shall stand dissolved without being wound up upon the Scheme becoming effective, hence no accounting treatment is being prescribed for the Amalgamating Company.

16. **AMALGAMATION AS PER INCOME TAX ACT**

16.1 This Part IV of the Scheme has been drawn up to comply and come within the definition and conditions relating to "amalgamation" as specified under Section 2(1B) of the IT Act. If any term(s) or provision(s) of this Part of the Scheme are found or interpreted to be inconsistent with the provisions of the said sections of the IT Act, at a later date, including resulting from an amendment of law or for any other reason whatsoever, this Part of the Scheme shall stand modified / amended to the extent determined necessary to comply and come within the definition and conditions relating to "amalgamation" as specified in the IT Act. In such an event, where the Clauses which are inconsistent are modified or deemed to be deleted, such modification / deemed deletion shall, however, not affect the other parts of the Scheme. The power to make such amendments as may become necessary shall vest with the Board of Directors of the Amalgamating Company and Amalgamated Company, which power shall be exercised reasonably in the best interests of the Companies concerned and their stakeholders.

17. **DISSOLUTION WITHOUT WINDING UP**

17.1 Upon the Scheme coming into effect, with effect from the Appointed Date, the Amalgamating Company shall stand dissolved without being wound up by the order of the Competent Authority, or any other act or deed.

17.2 The Amalgamating Company's name shall be removed from the Register of Companies by the Registrar of Companies upon this Scheme becoming effective.

PART V: TRANSFER AND VESTING OF THE TRANSFERRED UNDERTAKING OF AMALGAMATED COMPANY TO THE TRANSFEREE COMPANY

18. TRANSFER AND VESTING OF THE TRANSFERRED UNDERTAKING

18.1 Subject to effectiveness of Part IV of the Scheme and with effect from the Appointed date, the Transferred Undertaking shall stand transferred and vested in or shall be deemed to have been transferred to and vested in the Transferee Company as a going concern on a Slump Sale basis, in accordance with Section 2(42C) of the IT Act for a lump sum consideration as set out hereinafter, in accordance with this Part of the Scheme. All references to the term 'Amalgamated Company' in this Part of the Scheme shall mean the Amalgamated Company after giving effect to the Amalgamation of the Amalgamating Company into and with the Amalgamated Company with effect from the Appointed Date. For the sake of clarification, the subject matter of this Part V shall be confined to the Transferred Undertaking.

18.2 Upon the Scheme becoming effective and with effect from the Appointed Date, the Amalgamated Company shall carry out or perform all such formalities and compliances under various Applicable Laws or to be carried out or performed in relation to or as a consequence of the transfer and vesting of the Transferred Undertaking of the Amalgamated Company into the Transferee Company.

18.3 Without prejudice to the generality of the above, with effect from the Appointed Date and upon this Scheme becoming effective:

18.3.1 Transfer of Assets

Upon coming into effect of this Scheme and with effect from the Appointed Date, the Transferred Undertaking (including all the estate, assets, rights, claims, title, interest and authorities including accretions and appurtenances of the Transferred Undertaking) shall subject to this Clause in relation to mode and vesting and pursuant to Sections 230 to 232 and other applicable provisions of the Act, stand transferred to and vested in the Transferee Company as a going concern subject to the Encumbrances thereon in favour of banks and/or financial institutions without any further act or deed in the following manner, unless specifically otherwise provided under the Scheme:

(a) in relation to the assets of the Transferred Undertaking, which are movable in nature, and/or otherwise capable of transfer by physical or constructive delivery and/or endorsement and delivery, including cash and bank balances, the same shall, upon coming into effect of this Scheme, be so transferred or deemed to be so transferred to the Transferee Company, and shall become the assets of the Transferee Company and title to the assets will be deemed to have been vested accordingly without requiring any deed or instrument of conveyance pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act and shall upon such transfer become the property of the Transferee Company without requiring any deed or instrument of conveyance for transfer of the same. The vesting pursuant to this sub-Clause shall be deemed to have occurred by physical or constructive delivery or by endorsement, as appropriate to the property being vested and title to the property shall be deemed to have been transferred accordingly It is clarified that the assets of Remaining Business of the Amalgamated Company shall continue to remain the assets, properties, benefits, rights, title, interests, etc., of the Amalgamated Company and shall not be transferred to the Transferee Company as part of the Transferred

Undertaking;

(b) without prejudice to the generality of Clause 18.3.1(a) of Part V above, and in respect of movable assets other than those dealt with in Clause 18.3.1(a) of Part V above, all other movable assets including but not limited to sundry debts, actionable claims, earnest monies, margin money, receivables, bills, credits, loans, advances and deposits forming part of the Transferred Undertaking, whether recoverable in cash or in kind or for value to be received, or in the bank, etc., the same shall stand transferred to and vested in the Transferee Company without any notice or other intimation to any person to the end and intent that the right of the Amalgamated Company to recover or realize the same stands transferred to the Transferee Company, and that appropriate entries should be passed in its books to record the aforesaid change. The Transferee Company may, at its sole discretion but without being obliged, give notice in such form as it may deem fit and proper, to such person, as the case may be, that the said sundry debts, actionable claims, earnest monies, margin money, receivables, bills, credits, loans, advances and deposits stand transferred to and vested in the Transferee Company and be paid or made good or held on account of the Transferee Company as the person entitled thereto; and

(c) upon the coming into effect of this Scheme, all the rights, title, interest and claims of the Amalgamated Company, in any and all the immovable properties belonging to or pertaining to the Transferred Undertaking of the Amalgamated Company (including land together with the buildings and structures standing thereon), whether freehold or leasehold or licenced for use, along with rights, title, interests, authorities, and all documents of title, rights and easements in relation thereto including any right to use, will stand transferred to and be vested in the Transferee Company, without any further act, instrument or deed and pursuant to the provisions of Sections 230 to 232 and other applicable provisions of the Act. With effect from the Appointed Date, the Transferee Company shall be entitled to exercise all rights and privileges and be liable to fulfil all obligations, in relation to or applicable to such immovable properties. The relevant authorities shall grant all clearances / permissions, if any, required for enabling the Transferee Company to absolutely own and enjoy the immovable properties in accordance with Applicable Law. The mutation or substitution of the title to the immovable properties shall, upon this Scheme becoming effective, be made and duly recorded in the name of the Transferee Company by the appropriate authorities pursuant to the sanction of this Scheme by the Competent Authority in accordance with the terms hereof. The Transferee Company shall upon the Scheme becoming effective be entitled to the delivery and possession of all documents of title to such immovable property in this regard, which are in possession of the Amalgamated Company;

18.3.2 Transfer of Liabilities

Without prejudice to the generality of Clause 18.1 and Clause 18.2 of Part V of the Scheme, upon the Scheme becoming effective and with effect from the Appointed Date, all the debts, loans, duties, liabilities and obligations of any nature whatsoever which arise out of the activities or operations of the Transferred Undertaking, whether or not provided for in the books of the Amalgamated Company, shall without any further act, instrument or deed be and stand transferred to and vested in the Transferee Company in the following manner, unless otherwise provided under the Scheme:

(a) upon the Scheme becoming effective and with effect from the Appointed Date, all the Liabilities arising out of the activities or operations of the Transferred Undertaking as on the Appointed Date, shall, to the extent they are outstanding on the Effective Date, without any further act or deed become the debts, loans, duties, liabilities and obligations of the Transferee Company and all rights, powers, duties, and obligations in relation thereto shall stand transferred to, vested in, and shall be exercised by or against the Transferee Company, as if it has incurred such liabilities, debts, duties, obligations, on the same terms and conditions as were applicable to the Amalgamated Company and the Transferee Company shall undertake to meet, discharge and satisfy the same to the exclusion of the Amalgamated Company such that the Amalgamated Company shall in no event be responsible or liable in relation to any such liabilities arising out of the activities or operations of the Transferred Undertaking, except as agreed otherwise with the Transferee Company in writing. It is hereby clarified that it shall not be necessary to obtain the consent of any third party or any other person who is a party to any contract or arrangement by virtue of which such debts, liabilities, duties and obligations have arisen, in order to give effect to the provisions of this Clause. Necessary modification, as may be required would be carried out to the debt instrument issued by the Amalgamated Company, if any;

(b) all loans raised and used and all debts, duties, undertakings, liabilities and obligations incurred or undertaken by the Amalgamated Company after the Appointed Date and prior to the Effective Date in relation to the Transferred Undertaking shall also be deemed to have been raised, used, incurred or undertaken for and on behalf of the Transferee Company and, to the extent they are outstanding on the Effective Date, shall, upon the coming into effect of this Scheme, pursuant to the provisions of the Act and all other applicable provisions of Applicable Laws, without any further act, instrument or deed shall stand transferred to and vested in or be deemed to have been transferred to and vested in the Transferee Company and shall become the debt, duties, undertakings, liabilities and obligations of the Transferee Company which shall meet, discharge and satisfy the same;

(c) where any of the debts, loans, duties, liabilities and obligations arising out of the activities or operations of the Transferred Undertaking have been partially or fully discharged by the Amalgamated Company on or after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to have been for and on account of the Transferee Company. All the liabilities and obligations incurred by the Amalgamated Company for the activities or operations of the Transferred Undertaking on or after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of the Transferee Company and to the extent any such liabilities are outstanding on the Effective Date, they shall also without any further act, instrument or deed be and stand transferred to the Transferee Company and shall become the liabilities and obligations of the Transferee Company;

(d) with effect from the Effective Date, the Transferee Company alone shall be liable to perform all obligations in respect of the debts, loans, duties, liabilities and obligations arising out of the activities or operations of the Transferred Undertaking, except as agreed otherwise with the Transferee Company in writing, and the Amalgamated Company shall not have any obligations in respect of the debts, loans, duties, liabilities and obligations arising out of the activities or operations of the Transferred Undertaking; and

(e) upon the coming into effect of this Scheme and with effect from the Appointed Date, the Amalgamated Company alone and severally shall be liable, as applicable, to perform all obligations in respect of all debts, liabilities, duties and obligations pertaining to the Remaining Business and the Transferee Company shall not have any obligations in respect of the debts, liabilities, duties and obligations of the Remaining Business. Further, upon the coming into effect of this Scheme and with effect from the Appointed Date, the Transferee Company alone shall be liable to perform all obligations in respect of Liabilities, which have been transferred to it in terms of this Scheme, and the Amalgamated Company shall not have any obligations in respect of the such Liabilities.

18.3.3 Transfer of Encumbrances

(a) the transfer and vesting of movable and immovable properties comprised in the Transferred Undertaking to and in the Transferee Company upon the coming into effect of this Scheme shall be subject to the Encumbrances, if any;

(b) in so far as the existing Encumbrances in respect of the liabilities arising out of the activities or operations of the Transferred Undertaking are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets comprised in the Transferred Undertaking which have been Encumbered in respect to the said liabilities and are transferred to the Transferee Company pursuant to this Scheme and such Encumbrances shall not relate or attach to any other assets of the Transferee Company. Provided that if any of the assets comprised in the Transferred Undertaking which are being transferred to the Transferee Company pursuant to this Scheme have not been Encumbered in respect of the liabilities arising out of the activities or operations of the Transferred Undertaking, such assets shall remain unencumbered and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Transferee Company be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender or trustee or any third party shall not affect the operation of the foregoing provisions of this Scheme;

(c) subject to the other provisions of this Scheme, in so far as the assets forming part of the Amalgamated Company pertaining to the Transferred Undertaking is concerned, the Encumbrances over such assets, to the extent they relate to any loans or borrowings or debentures or other debt or debt securities of the Remaining Business, shall, as and from the Effective Date, without any further act, instrument or deed, stand released and discharged and shall no longer be available as Encumbrances in relation to those liabilities of the Amalgamated Company pertaining to the Remaining Business (and which shall continue with the Amalgamated Company);

(d) in so far as the assets of the Remaining Business are concerned, any Encumbrance over them, if any, to the extent they relate to the liabilities arising out of the activities or operations of the Transferred Undertaking shall, without any further act, instrument, or deed be released and discharged from such security. The absence of any formal amendment which may be required by a lender or a third party to effect such release shall not affect the operation of this Clause;

(e) in so far as the existing Encumbrances in respect of the loans and other liabilities relating to the Remaining Business are concerned, such Encumbrances shall, without any further act, instrument or deed be continued with the Amalgamated Company, only on the assets relating to the Remaining Business and the assets of the Transferred Undertaking shall stand released therefrom;

(f) if any Encumbrance of the Amalgamated Company for the operations of the Transferred Undertaking exists as on the Appointed Date, but has been partially or fully released thereafter by the Amalgamated Company on or after the Appointed Date but prior to the Effective Date, such release shall be deemed to be for and on account of the Transferee Company upon the coming into effect of the Scheme and all Encumbrances incurred by the Amalgamated Company for the operations of the Transferred Undertaking or after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of the Transferee Company, and such Encumbrances shall not attach to any property of the Amalgamated Company;

(g) the provisions of this Clause shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security document, all of which instruments, deeds, and writings and the terms of sanction or issue of any security document shall stand modified and/or superseded by the foregoing provisions. It is expressly clarified that, save as mentioned in this Scheme, no other terms or conditions of the liabilities arising out of the activities or operations of the Transferred Undertaking are modified by virtue of this Scheme except to the extent that such amendment is required by necessary implication; and

(h) the foregoing provisions shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall be deemed to have been modified and/ or superseded by the foregoing provisions;

(i) without prejudice to the provisions of the foregoing Clauses and with effect from the Effective Date, the parties shall enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the jurisdictional RoC to give formal effect to the provisions of this Clause;

18.3.4 Transfer of Contracts

Without prejudice to the generality of Clause 18.1 and Clause 18.2 of Part V (Transfer and Vesting of Transferred Undertaking) above, upon the Scheme becoming effective and with effect from the Appointed Date, all the concessions, contracts, agreements, memoranda of understanding/undertakings/agreements, memoranda of agreed points, letter of agreed points, minutes of meetings, expressions of interest, letters of intent, hire and purchase arrangements, lease/license agreements, equipment purchase agreements, agreement with customers, purchase and other agreements with the supplier/manufacturer of goods/service providers, other arrangements, undertakings, deeds, bonds, schemes, insurance covers and claims, clearances and other instruments of whatsoever nature and description, whether vested or potential and written, oral or otherwise and all rights, title, interests, assurances, claims and benefits thereunder in relation to the Transferred Undertaking (**"Transferred**

Contracts") shall stand transferred to and vested in the Transferee Company in the following manner, unless otherwise specifically provided under the Scheme:

(a) upon the Scheme becoming effective and with effect from the Appointed Date and subject to the other provisions contained in this Scheme, all Transferred Contracts entered into, subsisting or having effect immediately before the Effective Date shall remain in full force and effect against or in favour of the Transferee Company and may be enforced as fully and effectively without any further act, instrument or deed as if the Transferee Company instead of the Amalgamated Company, had been a party thereto or to the benefit of which the Amalgamated Company may be eligible or for the obligations of which the Amalgamated Company may be liable, and which are subsisting or have effected or have effect immediately before the Effective date. The absence of any formal amendment which may be required by a third party to effect such transfer and vesting shall not affect the operation of the foregoing sentence;

(b) without prejudice to what is stated in Clause 18.3.4 (a) of Part V above, upon the Scheme becoming effective and with effect from the Appointed Date, the Transferee Company shall, wherever necessary, enter into and/or execute deeds, writings, confirmations or novations to which the Amalgamated Company will, if necessary, also be a party in order to give formal effect to the provisions of this Clause.

(c) without prejudice to the other provisions of this Scheme and notwithstanding the fact that vesting of the Transferred Undertaking occurs by virtue of this Scheme itself, the Transferee Company may, at any time after the coming into effect of the Scheme, in accordance with its provisions, if so required under any Applicable Law or otherwise, take such actions and execute such deeds (including deeds of adherence), confirmations or other writings or arrangements with any party to any contract or arrangement to which the Amalgamated Company is a party, or any writings as may be necessary, in order to give formal effect to the provisions of this Scheme.

(d) on and from the Effective Date, and thereafter, the Transferee Company shall be entitled to complete and enforce all pending contracts and transactions in respect of the Amalgamated Company, in the name of the Amalgamated Company in so far as may be necessary until the transfer of rights and obligations of the Amalgamated Company to the Transferee Company under this Scheme has been given effect to under such contracts and transactions; and

(e) any claim(s) due to the Amalgamated Company from its customers or otherwise and which has not been received by the Amalgamated Company as on the date immediately preceding the Appointed Date as the case may be, shall also belong to and be received by the Transferee Company;

18.3.5 Transfer of Licenses and Approvals

(a) For the avoidance of doubt and without prejudice to the generality of the foregoing, it is expressly clarified that upon coming into effect of this Scheme and with effect from the Appointed Date, all permits, licenses (including license to operate the business of Transferred Undertaking granted by any governmental, statutory or regulatory bodies for the purpose of carrying on the business of Transferred Undertaking or in connection therewith), permissions, right of way, approvals, clearances, consents, benefits, tax incentives/concessions, registrations,

Transferee Company without any break or interruption of service and with the benefit of continuity of service on terms and conditions which are not less favourable than the terms and conditions as were applicable to such employees relating to the Transferred Undertaking of the Amalgamated Company immediately prior to the transfer of the Transferred Undertaking and in accordance with the Applicable Laws and the terms of their employment. Services of the Transferred Employees shall be taken into account from the date of their respective appointment with the Amalgamated Company for the purposes of all retirement benefits and all other entitlement for which they may be eligible. The Transferee Company further agrees that for the purpose of payment of any other form of separation compensation, if any, such past services with the Amalgamated Company shall also be taken into account;

(b) the services of the Transferred Employees shall not be treated as having been broken or interrupted for the purpose of provident fund or gratuity or superannuation or other statutory purposes and for all purposes will be reckoned from the date of their respective appointment with the Amalgamated Company;

(c) save as expressly provided for in this Scheme, the Transferred Employees, if any, who become the employees of the Transferee Company by virtue of Slump Sale of the Transferred Undertaking, shall not be entitled to the benefit of the employment policies and shall not be entitled to avail of any schemes and benefits that may be applicable and available to any of the other employees of the Transferee Company (including the benefits if or under any employee stock option schemes applicable to or covering all or any of the other employees of the Transferee Company, if any), unless otherwise determined by the Transferee Company;

(d) it is expressly provided that, on the Scheme becoming effective, the Funds shall be transferred to similar funds created and/or nominated by the Transferee Company and shall be held for their benefit pursuant to this Scheme, or at the sole discretion of the Transferee Company, be maintained as separate funds by the Transferee Company. Pending the transfer as aforesaid, the Funds of the Transferred Employees may be continued to be deposited in the existing funds of the Amalgamated Company. Without prejudice to the aforesaid, the Board of the Transferee Company, if it deems fit and subject to Applicable Laws, shall be entitled to: (a) retain separate trusts or funds within the Amalgamated Company for the erstwhile fund(s) of the Amalgamated Company; or (b) merge the pre-existing funds of the Amalgamated Company with other similar funds of the Transferee Company. In the event that the Transferee Company does not have its own funds in respect of any of the above, the Transferee Company may, subject to applicable laws and necessary approvals and permissions, continue to contribute to the relevant funds or redeem, repay, meet, discharge and satisfy such Liabilities of Amalgamated Company in respect of the Transferred Employees, until such time that Transferee Company creates its own funds;

(e) further to the transfer of Funds as set out herein above, for all purposes whatsoever in relation to the administration or operation of such Funds or in relation to the obligation to make contributions to the said Funds in accordance with the provisions thereof as per the terms provided in the respective trust deeds, if any, all rights, duties, powers and obligations of the Amalgamated Company as on the Effective Date in relation to such Funds shall become those of the Transferee Company. It is clarified that the services of the Transferred Employees will be treated as having been

continuous for the purpose of the said Funds;

(f) in relation to any other funds (including any funds set up by the government for employee benefits) created or existing for the benefit of the Transferred Employees, the Transferee Company shall stand substituted for the Amalgamated Company, for all purposes whatsoever, including relating to the obligation to make contributions to the said funds in accordance with the provisions of such scheme, funds, bye laws, etc. in respect of such Transferred Employees;

(g) without prejudice to the generality of the aforesaid, the accumulated balances, if any, standing to the credit of the aforesaid Transferred Employees in the existing provident fund, gratuity fund and superannuation fund or any equivalent funds established under Applicable Laws by whatever name called, of which they are beneficiaries, will be transferred respectively to such provident fund, gratuity fund and superannuation funds or any equivalent funds established under Applicable Laws by whatever name called nominated by the Transferee Company and/ or such new provident fund, gratuity fund and superannuation fund or any equivalent funds established under Applicable Laws by whatever name called to be established in accordance with Applicable Law and caused to be recognized by the Appropriate Authorities, by the Transferee Company;

(h) the Transferee Company shall continue to abide by any agreement(s) / settlement(s) entered into with any Transferred Employees by the Amalgamated Company;

(i) it is hereby clarified that in case of an ambiguity about whether an employee is employed/engaged in respect of the Transferred Undertaking or the Remaining Business of Amalgamated Company, the ambiguity would be resolved by the Boards of the Amalgamated Company and Transferee Company mutually; and

(j) in so far as the existing benefits or funds created by the Amalgamated Company for the employees of the Remaining Business are concerned, the same shall continue and the Amalgamated Company shall continue to contribute to such benefits or funds in accordance with the provisions thereof, and the Transferee Company, shall have no liability in respect thereof.

18.3.9 without prejudice to the aforesaid, it is clarified that if any assets (estate, claims, rights, title, interest in or authorities relating to such assets) or any contract, deeds, bonds, agreements, schemes, arrangements or other instruments of whatsoever nature in relation to the Transferred Undertaking cannot be transferred to the Transferee Company for any reason whatsoever, the Amalgamated Company shall hold such asset, contract, deed, bond, agreement, schemes, arrangements or other instruments of whatsoever nature in trust for the benefit of the Transferee Company, in so far as it is permissible to do so, till such time as the transfer is effected.

18.3.10 the Amalgamated Company and the Transferee Company agree that the Amalgamated Company shall, upon effectiveness of the Scheme, not be entitled to any rights or to receive any benefits whatsoever in relation to the Transferred Undertaking, the economic, financial, technical and operational responsibility and all related costs and expenses (direct and incurred), liabilities and taxes in connection with the Transferred Undertaking, shall rest and be borne entirely and exclusively by the Transferee Company after the Effective Date.

19. **BUSINESS AND PROPERTY IN TRUST**

19.1 With effect from the Appointed Date and up to and including the Effective Date:

19.1.1 the Amalgamated Company shall be deemed to have been carrying on and to be carrying on all business and activities relating to the Transferred Undertaking and shall hold and stand possessed of and shall be deemed to hold and stand possessed of all the estates, assets, rights, title, interest, authorities, contracts, investments and strategic decisions of the Transferred Undertaking for and on account of, and in trust for, the Transferee Company;

19.1.2 all profits and income accruing or arising to Amalgamated Company from the Transferred Undertaking and any cost, charges, losses and expenditure arising or incurred by it (including Taxes, if any, accruing or paid in relation to any profits or income) relating to the Transferred Undertaking shall, for all purposes, be treated as and be deemed to be the profits, income, losses or expenditure, as the case may be, of Transferee Company, except for profits or income accruing to the Remaining Business; and

19.1.3 any of the rights, powers, authorities, privileges, attached, related or pertaining to the Transferred Undertaking exercised by the Amalgamated Company gall be deemed to have been exercised by Amalgamated Company for and on behalf of, and in trust for and as an agent of the Transferee Company. Similarly, any of the obligations, duties and commitments attached, related or pertaining to the Transferred Undertaking that have been undertaken or discharged by Amalgamated Company shall be deemed to have been undertaken for and on behalf of and as an agent for Transferee Company.

20. **SAVING OF CONCLUDED TRANSACTION**

20.1 Nothing in the Scheme shall affect any transaction or proceeding already concluded by the Amalgamated Company in respect of the Transferred Undertaking, to the end and intent that the Transferee Company shall accept and adopt all acts, deeds and things done and executed by the Amalgamated Company in regard to the Transferred Undertaking as if it is done and executed by the Transferee Company itself.

21. **CONSIDERATION FOR SLUMP SALE**

21.1 Upon the coming into effect of Part V of this Scheme and in consideration of the transfer and vesting of the Transferred Undertaking of the Amalgamated Company into the Transferee Company on a Slump Sale basis, as a going concern, in accordance with the terms of this Scheme and pursuant to the provisions of Sections 230 to 232 read with other relevant provisions of the Act, the Transferee Company shall pay a lump sum cash consideration of Rs. 4,94,00,763(Rupees four crore ninety four lakhs seven hundred and sixty three) to the Amalgamated Company, without value being assigned to the individual assets and liabilities.

21.2 The consideration for the transfer of the Transferred Undertaking, as mentioned in Clause 21.1 above, shall be discharged by the Transferee Company to the Amalgamated Company, in the form of a payable balance or issue of such securities whether convertible or non-convertible as may be mutually agreed between the Transferee Company and the Amalgamated Company.

22. **MATTERS RELATING TO ACCOUNTING TREATMENT OF THE SLUMP SALE**

CERTIFIED TRUE COPY

TRUE COPY

22.1 Accounting Treatment in the Books of Amalgamated Company

22.1.1 The accounts representing the assets and liabilities pertaining to the Transferred Undertaking in the books of the Amalgamated Company shall stand closed upon the transfer of the Transferred Undertaking to the Transferee Company. The Amalgamated Company shall account for the transfer and vesting of the Transferred Undertaking by de-recognizing the carrying values of the assets and liabilities of the Transferred Undertaking, which will cease to be the assets and liabilities of the Amalgamated Company in accordance with applicable accounting standards.

22.1.2 The consideration receivable by the Amalgamated Company from the Transferee Company as specified in Part V of the Scheme shall be separately recorded as "Receivable Balance."

22.1.3 Any difference arising on account of excess of the net assets transferred over the consideration for Slump Sale or vice versa shall be recognized as per the applicable Indian Accounting Standards prescribed under the Section 133 of the Companies Act, 2013.

22.2 Accounting Treatment in the Books of Transferee Company

22.2.1 Since the transaction involves entities which are under common control before and after Slump Sale, The Transferee Company shall account for the transfer and vesting of Transferred Undertaking (which qualifies as Business as per the definition mentioned in Ind AS 103) as per the Pooling of interest method in its books of accounts in accordance with applicable Indian Accounting Standards.

22.2.2 The Transferee Company shall upon the Scheme coming into effect, record all assets and liabilities of the Amalgamated Company pertaining to the Transferred Undertaking vested in it pursuant to this Scheme, at the respective book value thereof as appearing in the books of the Amalgamated Company.

22.2.3 The consideration payable by the Transferee Company to the Amalgamated Company as specified in Part V of this Scheme shall be separately recorded as "Payable Balance".

22.2.4 The difference between the carrying value of the net assets acquired and the consideration to be discharged pursuant to the Scheme shall be transferred as per the applicable Indian Accounting Standards prescribed under the Section 133 of the Companies Act, 2013.

23. REMAINING BUSINESS

23.1 The Remaining Business and all assets, liabilities and obligations pertaining thereto shall continue to belong to and be vested in and be managed by the Amalgamated Company subject to the provisions of the Scheme in relation to the Encumbrances in favour of banks, financial institutions and trustees for NCD holders.

24. WRONG POCKET ASSETS

24.1 If any part of the Transferred Undertaking is not transferred to the Transferee Company on the Effective Date pursuant to the Scheme, the Amalgamated Company shall take such actions as may be reasonably required to ensure that such part of the Transferred Undertaking, is transferred to the Transferee Company promptly and for no further consideration. The Transferee Company shall bear all costs and expenses as may be incurred by the Amalgamated

Company.

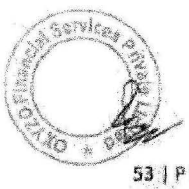

24.2 If the Amalgamated Company realizes any amounts after the Effective Date that form part of the Transferred Undertaking, it shall immediately transfer such amounts to the Transferee Company. It is clarified that all receivables relating to the Transferred Undertaking, relating to the period prior to the Effective Date, but received after the Effective Date, shall be paid to the Transferee Company for no additional consideration. If the Transferee Company realizes any amounts after the Effective Date that pertains to the Remaining Business, the Transferee Company shall immediately pay such amounts to the Amalgamated Company (or its successor entity).

25. **SLUMP SALE AS PER INCOME TAX ACT**

25.1 This Part V of the Scheme has been drawn up to comply and come within the definition and conditions relating to "slump sale" as specified under Section 2(42C) of the IT Act. If any term(s) or provision(s) of this Part of the Scheme are found or interpreted to be inconsistent with the provisions of the said sections of the IT Act, at a later date, including resulting from an amendment of law or for any other reason whatsoever, this Part of the Scheme shall stand modified / amended to the extent determined necessary to comply and come within the definition and conditions relating to "slump sale" as specified in the IT Act. In such an event, where the Clauses which are inconsistent are modified or deemed to be deleted, such modification / deemed deletion shall, however, not affect the other parts of the Scheme. The power to make such amendments as may become necessary shall vest with the Board of Directors of the Amalgamated Company and Transferee Company, which power shall be exercised reasonably in the best interests of the Companies concerned and their stakeholders.

PART VI: GENERAL TERMS AND CONDITIONS

26. APPLICATIONS

26.1 The Companies shall make applications and/ or petitions under Sections 230 to 232 and other applicable provisions of the Act to the Competent Authority for approval of the Scheme and all matters ancillary or incidental thereto, as may be necessary to give effect to the terms of the Scheme.

26.2 Upon this Scheme becoming effective, the shareholders of the Companies shall be deemed to have also accorded their approval under all relevant provisions of the Act for giving effect to the provisions contained in this Scheme. The Companies shall also make all other necessary applications before the Competent Authority for sanction of this Scheme.

26.3 The Companies shall be entitled, pending the effectiveness of the Scheme, to apply to any Appropriate Authority, if required, under any Applicable Law for such consents and approvals, as agreed between the Companies, which the Companies may require to effect the transactions contemplated under this Scheme, in any case subject to the terms as may be mutually agreed between the Companies.

27. SCHEME CONDITIONAL UPON

27.1 This Scheme is conditional upon and is subject to:

(a) receipt of consents, no-objection letters, approvals by the Amalgamated Company from the Stock Exchange in accordance with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the SEBI Circular in respect of the Scheme (prior to filing the Scheme with the Competent Authority), which shall be in form and substance acceptable to the Companies, each acting reasonably and in good faith;

(b) receipt of requisite permission of the RBI by the Amalgamated Company in accordance with Chapter IX of Master Direction - Non-Banking Financial Company –Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016 in respect of the change in the shareholding of a Non Banking Financial Company, including progressive increases over time, which would result in acquisition / transfer of shareholding of 26% (twenty six percent) or more of the paid-up equity capital of the applicable Non Banking Financial Company;

(c) the Scheme being agreed to (in the manner prescribed herein) by the respective requisite majorities of the various classes of shareholders of the Companies as required under the Act;

(d) Approval of the holders of NCDs of the Amalgamated Company to the Scheme by way of e-voting, unless conducting of a meeting of NCD holders of the Amalgamated Company is dispensed with by the Competent Authority;

(e) such other approvals and sanctions from any other Appropriate Authority or contracting party as may be required by any Applicable Law or any contract in respect of the Scheme being carried out;

(f) there having been no interim or final ruling, decree or direction by any Appropriate

Authority, which has not been stayed by an appellate authority, which has the effect of prohibiting or making unlawful, the consummation of the proposed Scheme by any of the Companies; and

(g) the Scheme being sanctioned by the Competent Authority and the requisite certified copies of the order of the Competent Authority sanctioning this Scheme being filed with the Registrar of Companies.

28. **AMENDMENT TO CHARTER DOCUMENTS OF THE AMALGAMATED COMPANY**

28.1 **Change in Object Clause**

(a) In order to carry on the activities currently being carried on by the Amalgamating Company, upon coming into effect of the Scheme, the applicable main objects in the memorandum of association of the Amalgamating Company shall be added to the matters which are necessary for furtherance of the objects of the memorandum of association of the Amalgamated Company to the extent such objects are not already covered in the memorandum of association of the Amalgamated Company, pursuant to the applicable provisions of the Act.

(b) Under the accepted principle of single window clearance, it is hereby provided that the amendments pursuant to this Clause 28.1 shall become operative, upon the Scheme becoming effective by virtue of the fact that the shareholders of the Amalgamated Company, while approving the Scheme as a whole, have approved and accorded the relevant consents as required under the Act for amendment of the memorandum of association of the Amalgamated Company and shall not be required to pass separate resolutions under the applicable provisions of the Act.

28.2 **Increase of Authorised Share Capital**

(a) As an integral part of the Scheme, and, upon coming into effect of the Scheme, the authorised share capital of the Amalgamating Company shall stand merged with that of the Amalgamated Company and consequently, the authorized share capital of the Amalgamated Company shall stand suitably increased, without any further act, instrument or deed.

(b) Clause V of the Memorandum of Association of the Amalgamated Company (relating to authorised share capital) shall stand altered, modified and amended pursuant to Sections 13, 61, and other applicable provisions of the Act, without any further instrument, act or deed, to read as follows:

> *"The Authorized Share Capital of the Company is Rs. 1,00,69,98,520 (Rupees one hundred crore sixty nine lakhs ninety eight thousand five hundred and twenty), comprising of:*
>
> *(a) 7,83,81,715 (Seven Crores Eighty Three Lakhs Eighty One Thousand Seven Hundred and Fifteen) Equity Shares of Rs. 10/- each;*
>

each;

(c) 29,35,263 (Twenty-Nine Lakh Thirty Five Thousand Two Hundred and Sixty Three) Series A optionally convertible and redeemable Preference Shares of Rs. 10/- each;

(d) 50,00,000 (Fifty Lakh) Preference Shares of Rs. 10/- (Rupees Ten only) each;

with the rights, privileges and conditions attaching thereto as are provided by the Articles of Association of the Company for the time being, with the power to increase or reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred, qualified or special rights, privileges or conditions as may be determined by or in accordance with the Articles of Association of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may for the time being be provided by the Articles of Association of the Company"

(c) Pursuant to this Scheme, the Amalgamated Company shall file the requisite forms, if any, with the jurisdictional Registrar of Companies for alteration of its authorized share capital. The fee paid by the Amalgamating Company on its authorised share capital, shall be set off against any fees payable by the Amalgamated Company on its authorised capital subsequent to the amalgamation and dissolution of the Amalgamating Company.

(d) In the event, the authorized capital of the Amalgamated Company undergoes any change prior to the Effective Date, the clauses specified in this Scheme to replace the existing Clause V of the memorandum, shall be modified accordingly to take into account the effect of any such corporate actions.

(e) Under the accepted principle of single window clearance, it is hereby provided that the amendments pursuant to this Clause 28.2 shall become operative, upon the Scheme becoming effective by virtue of the fact that the shareholders of the Amalgamated Company, while approving the Scheme as a whole, have approved and accorded the relevant consents as required under the Act for amendment of the memorandum of association of Amalgamated Company and shall not be required to pass separate resolutions under the applicable provisions of the Act.

28.3 **Amendment to Articles of Association**

(a) As an integral part of the Scheme, and, upon coming into effect of the Scheme, the articles of association of the Amalgamated Company shall be amended to reflect the terms and conditions of the New Shares to be issued to the Eligible members as consideration pursuant to the Amalgamation, as may be mutually decided by the Board of the Amalgamated Company and Amalgamating Company, at the time of approval of the Scheme.

(b) Under the accepted principle of single window clearance, it is hereby provided that the amendments pursuant to this Clause 28.3 shall become operative, upon the Scheme becoming effective by virtue of the fact that the shareholders of the Amalgamated Company, while approving the Scheme as a whole, have approved and accorded the relevant consents as required under the Act for amendment of the articles of association

of Amalgamated Company and shall not be required to pass separate resolutions under the applicable provisions of the Act.

29. **MODIFICATIONS**

29.1 The Companies (acting through their respective Boards or committees or such other person or persons, as the respective Board of Directors may authorize) may, in their full and absolute discretion, jointly and as mutually agreed in writing:

(a) assent/ make and/ or consent to any modifications or amendments to this Scheme, or to any conditions or limitations as may be mutually agreed and which the Competent Authority and/or any other authorities may deem fit to direct or impose, and/or effect any other modification or amendment, and to do all acts, deeds and things which may otherwise be considered necessary or desirable or appropriate for settling any question or doubt or difficulty that may arise for implementing and / or carrying out this Scheme;

(b) take such steps and do all such acts, deeds and things as may be necessary, desirable or proper to give effect to this Scheme and give such directions (acting jointly) as to resolve any doubts, difficulties or questions, arising under this Scheme or implementation thereof or in any matter whatsoever connected therewith (including any question or difficulty arising in connection with any insolvent or deceased shareholders, debenture holders, depositors of the respective Companies), whether by reason of any order(s) of the Competent Authority or of any direction or orders of any other Appropriate Authorities or otherwise howsoever arising out of, under or by virtue of this Scheme and/or any matters concerning or connected therewith, or to review the position relating to the satisfaction of the various conditions of the Scheme and if necessary, to waive any of those (to the extent permissible under the law);

(c) modify or vary this Scheme prior to the Effective Date in any manner at any time subject to Applicable Law; and

(d) determine jointly whether any asset, liability, employee, legal or other proceedings pertains to the Amalgamating Company and/or Transferred Undertaking or not, on the basis of any evidence that they may deem relevant for this purpose.

29.2 In case, post approval of the Scheme by the Competent Authority, there is any confusion in interpreting any Clause of this Scheme, or otherwise, the Board of Directors of the respective Companies shall have complete power to mutually take the most sensible interpretation so as to render the Scheme operational.

30. **IMPACT OF THE SCHEME ON THE CREDITORS OF THE COMPANIES**

30.1 No arrangement with the creditors (secured or unsecured) of the Companies is being proposed and no compromise is offered under the Scheme to any of the creditors of any of the Companies. The liability of the creditors of the Companies, under the Scheme, is neither being reduced nor being extinguished.

30.2 In this regard, the certificate dated August 11, 2023 issued by S.R. Dhawan & Co LLP being the statutory auditor of the Amalgamated Company certifying the capability of the Amalgamated Company to pay the interest/ repay the principal amount is attached as **Schedule 5** hereto.

31. **EFFECT OF NON-RECEIPT OF APPROVALS**

31.1 The Scheme shall not come into effect unless the aforementioned conditions mentioned in Clause 27.1 above are satisfied and in such an event, the Scheme shall become null and void. Unless each of the conditions are satisfied, no rights and liabilities whatsoever shall accrue to or be incurred inter se the Companies or their respective shareholders or creditors or employees or any other person.

31.2 In the event of this Scheme failing to take effect, the Board of Directors of any of the Companies may opt to terminate this Scheme and the Scheme shall stand revoked, cancelled and be of no effect and any of the Companies, if required, may file appropriate proceedings before the Competent Authority in this respect.

31.3 Upon the termination of the Scheme, no rights and liabilities whatsoever shall accrue to or be incurred *inter-se* between the Companies or their shareholders or creditors or employees or any other person.

32. **CONFLICT BETWEEN SCHEME AND OTHER ARRANGEMENT**

32.1 In the event of any inconsistency between any of the terms and conditions of any earlier arrangement between the Companies and their respective shareholders and the terms and conditions of this Scheme, the latter shall prevail.

33. **REMOVAL OF DIFFICULTIES**

33.1 The Companies through mutual consent and acting through their respective Boards, jointly and as mutually agreed in writing may:

(a) give such directions (acting jointly) and agree to take steps, as may be necessary, desirable or proper, to resolve all doubts, difficulties or questions arising under this Scheme, whether by reason of any orders of the Competent Authority or of any directive or orders of any Appropriate Authority, under or by virtue of this Scheme in relation to the arrangement contemplated in this Scheme and/ or matters concerning or connected therewith or in regard to and of the meaning or interpretation of this Scheme or implementation thereof or in any manner whatsoever connected therewith, or to review the position relating to the satisfaction of various conditions of this Scheme and if necessary, to waive any of those to the extent permissible under Applicable Law; and/or

(b) do all such acts, deeds and things as may be necessary, desirable or expedient for carrying the Scheme into effect.

33.2 Without prejudice to the other provisions of the Scheme and notwithstanding the vesting of the Amalgamating Company into the Amalgamated Company by virtue of the Scheme itself, in order to ensure (i) implementation of the provisions of the Scheme; and (ii) continued vesting of the benefits, exemptions available to the Amalgamating Company in favour of the Amalgamated Company, the Amalgamated Company may, at any time after the coming into effect of this Scheme in accordance with the provisions hereof, if so required, under Applicable Law or otherwise, execute deeds (including deeds of adherence), confirmations or other writings or tripartite arrangements with any party to any contract or arrangement in relation to which the Amalgamating Company has been a party, including any filings with the

regulatory authorities in order to give formal effect to the above provisions and to carry out or perform all such formalities or compliances referred to above on the part of the Amalgamating Company.

34. **SEVERABILITY**

34.1 The provisions contained in this Scheme are inextricably inter-linked and the Scheme constitutes an integral whole. The Scheme would be given effect to only if it is approved in its entirety unless specifically agreed otherwise by the respective Board of Directors of the Companies or any committee constituted by such Boards.

34.2 If any part of this Scheme hereof is invalid, ruled illegal by Competent Authority or any court of competent jurisdiction, or unenforceable under present or future laws, then it is the intention of the Companies that such part shall be severable from the remainder of the Scheme, and the Scheme shall not be affected thereby, unless the deletion of such part shall cause this Scheme to become materially adverse to either of the Companies, in which case the Companies, acting through their respective Boards of Directors, shall attempt to bring about a modification in the Scheme, as will best preserve for the Companies the benefits and obligations of the Scheme including but not limited to such part, which is invalid, ruled illegal or rejected by the Competent Authority or any court of competent jurisdiction, or unenforceable under present or future Applicable Laws.

PART VII: RESIDUAL PROVISIONS

35. Upon the sanction of this Scheme and upon this Scheme becoming effective, the following shall be deemed to have occurred on the Appointed Date and become effective and operative only in the sequence and in the order mentioned hereunder:

(a) **Part IV (Amalgamation)** shall be made effective and operative first; and

(b) **Part V (Slump Sale)** shall be made effective immediately after the implementation of Part IV of this Scheme.

36. Upon this Scheme becoming effective, the accounts of the Companies, as on the Appointed Date shall be reconstructed in accordance with the terms of this Scheme.

37. Costs, Charges and Expenses

37.1 All costs, charges expenses (including, but not limited to, any taxes and duties, stamp duty, registration charges, etc.), of the Companies arising out of or incurred in connection with and implementing this Scheme and matters incidental shall be borne by the Amalgamated Company, and subject to Applicable Law, the Amalgamated Company shall be entitled to claim deduction of such expenses under the relevant provisions of the IT Act.

38. The Companies shall be at liberty to withdraw this Scheme at any time as may be mutually agreed by the respective Board of Directors of the Companies prior to the Effective Date. In such a case, each of the Companies shall respectively bear their own cost or as may be mutually agreed. It is hereby clarified that notwithstanding anything to the contrary contained in this Scheme, any one of the Companies shall not be entitled to withdraw the Scheme unilaterally: (a) without the prior written consent of the other Company; or (b) unless such withdrawal is in accordance with any written agreement entered into between the Companies.

INDEPENDENT AUDITOR'S REPORT

To the Members of Oxyzo Financial Services Private Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Oxyzo Financial Services Private Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together are referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and summary of significant accounting policies and other explanatory information (the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2023, and its consolidated profit, consolidated total comprehensive income, the consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-para (a) of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

	As at March 31, 2023, loan assets aggregated ₹ 4,67,159.48 lakhs, constituting 83.65% of the Group's total assets. Significant judgement is used in classifying these loan assets and applying appropriate measurement principles. The allowance for expected credit losses ("ECL") on such loan assets measured at amortised cost is a critical estimate involving greater level of management judgement. As part of our risk assessment, we determined that the allowance for ECL on loan assets (including undisbursed commitments) has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the consolidated financial statements. The elements of estimating ECL which in- volved increased level of audit focus are the following: • Qualitative and quantitative factors used in staging the loan assets measured at amortised cost. • Basis used for estimating Probabilities of Default ("PD"), • Basis used for estimating Loss Given Default("LGD") • Judgements used in projecting economic scenarios and probability weights applied to reflect future economic conditions. Adjustments to model driven ECL results to address emerging trends.	managing each portfolio and their business models. Evaluated the management estimates by understanding the process of ECL estimation and related assumptions and tested the controls around data extraction, validation and computation Assessed the methodology adopted for computation of ECL ("ECL Model") that addresses policies approved by the Board of Directors, procedures and controls for assessing and measuring credit risk on all lending exposures measured at amortised cost. Involved internal experts for testing of the ECL model and computation, including factors that affect the PD, LGD and EAD considering various forward looking, micro and macro-economic factors. Involved internal valuation experts for testing the valuation of the underlying security for the non-retail loan portfolio. Tested adjustments to the output of the ECL Model is consistent with the documented rationale and basis for such adjustments and that the amount of adjustment has been approved by the Board of Directors. Checked disclosures made in relation to the ECL allowance in consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, but does not include the consolidated financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated

financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Director's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act, that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we

TRUE COPY

are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public dis-closure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements in respect of 6 subsidiaries, whose financial statements reflects total assets of Rs 2,034.07 Lakhs as at 31 March 2023 and total revenues of Rs 893.44 Lakhs, total net profit after tax of Rs. 104.65 Lakhs and total comprehensive income of Rs. 132.09 Lakhs for the period ended on that date and net cash flows of Rs. 274.14 Lakhs for the period ended 31 March 2023, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion is not modified in respect of this matter.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Oxyzo Financial Services Private Limited ("the Holding Company") as of March 31, 2023 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company are responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to financial statements criteria established by the holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Holding Company's business, including adherence to the respective Holding Company's policies, the safeguarding of the Holding Company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Holding Company.

TRUE COPY

2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Holding Company; and
3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Holding Company's assets that could have a material effect on consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the criteria for internal financial control over financial reporting established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Group Information

Oxyzo Financial Services Private Limited (the "Holding Company" or the "Company") is a debt listed Company domiciled in India and incorporated under the provisions of the Companies Act, 2013. The Holding Company is holding a Certificate of Registration ('CoR') and registered as a systemically important non-deposit taking Non-Banking Financial Company ('NBFC') as defined under Section 45-IA of the Reserve Bank of India (RBI) Act, 1934 (Registration No. N-14.03380) and is primarily engaged in the business of lending. The consolidated financial statements of the Holding Company for the year ended 31 March 2023 comprise the Holding Company and its subsidiaries (together referred to as "Group"). The Holding Company has its registered office at Shop No. G-22C (UGF) D-1 (K-84) Green Park Main, New Delhi-110016 (India).

The Group is primarily engaged in non-banking financing activities without deposits through the holding company. The holding company has obtained a Certificate of Registration vide Certificate No. N-14.03380 from the Reserve Bank of India ("RBI") on 18 October 2017 to commence/ carry on the business of Non-banking Finance Company ("NBFC") without accepting deposits. The Holding Company has listed its non-convertible debentures on the Bombay Stock Exchange ("BSE") with effect from 6 February 2019.

Significant Accounting Policies:

2.1 Basis of Preparation and presentation of Consolidated Financial Statements

Statement of compliance:

These Consolidated financial statements (herein after referred to as 'financial statements') have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied along with compliance with other statutory promulgations require a different treatment. Further, the Group has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March, 2020 and other applicable RBI circulars/notifications.

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

The financial statements were reviewed by the audit committee and authorized for issue by the Holding Company's Board of Directors on 23 May 2023.

Principal of Consolidation:

The consolidated financial statements relate to Oxyzo Financial Services Private Limited ('the Holding Company) and its subsidiary companies. The consolidated financial statement includes consolidated balance sheet, consolidated statement of profit & loss, consolidated cash flow statement, consolidated statement of changes in equity, and consolidated notes. The consolidated financial statements have been prepared on the following basis:

a. The financial statements of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the Holding Company i.e., 31 March, 2023.

TRUE COPY

b. The financial statement of the Holding Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, Income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profit or losses, unless cost cannot be recovered.

c. Goodwill arising on acquisition is recognised as an asset and measured at cost and is tested for impairment on annual basis, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, the excess is recognised as capital reserve on consolidation end shown under the head 'Reserves & Surplus, in the consolidated financial statements.

d. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net asset. The choice of measurement basis is made on an acquisition by-acquisition basis. Subsequent to acquisition, the carrying value of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' shore of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interests having a deficit balance.

e. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Holding Company's separate financial statements.

f. Following subsidiaries companies are considered for preparation of consolidated financial statements from the date of respective acquisitions/incorporation.

Basis of preparation:

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period and derivative financial instruments. The Group generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Group offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

Functional and presentation currency:

These consolidated financial statements are prepared in Indian Rupees (INR), which is the holding Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs and two decimals thereof, except as stated otherwise.

Presentation of financial statements:

The Balance Sheet, the Statement of Change in Equity and the Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs"), that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7, Statement of Cash Flows. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

The disclosure requirements with respect to items in Balance Sheet, the Statement of Change in Equity and the Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupee to two decimal places.

2.2 Revenue recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured and there exists reasonable certainty of its recovery. Revenue is measured at the fair value of the consideration received or receivable as reduced for estimated customer credits and other similar allowances.

Incomes are recognised net of the goods and services tax, wherever applicable.

(i) Interest income:

Interest income is recognised in the Statement of Profit and Loss and for all financial instruments (except for those classified as held for trading or those measured or designated as at fair value through profit or loss (FVTPL) and at fair value through other comprehensive income (OCI)) is measured using the effective interest method (EIR).

TRUE COPY

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the financial assets at amortised cost, transaction costs, and all other premiums or discounts and it represents a rate that exactly discounts estimated future cash payments / receipts through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability. For financial assets at FVTPL transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). For financial assets originated or purchased credit-impaired (POCI) the EIR reflects the ECLs in determining the future cash flows expected to be received from the financial asset.

Delayed payment interest (penal interest and the like) levied on customers for delay in repayments/non payment of contractual cashflows is recognised on realization basis.

(ii) Other revenue from operation

The Group recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Group identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

(a) Fee and commission income:
Revenue (other than for those items to which IND AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. IND AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

Fee and commission income includes fees other than those that are an integral part of EIR. The fees included in the Group's statement of profit and loss includes service and administration charges towards rendering of additional services to its loan customers and others fees charged for servicing of loans, fees charged on account of loan commitments and loan advisory fees.

Foreclosure charges are collected from loan customers for early payment / closure of loan and are recognised on realisation.

(b) Net gain on fair value change:
Any differences between the fair values of the financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain/loss in the statement of profit and loss. In cases there is a net gain in aggregate, the same is recognized as "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes", in the statement of profit and loss.

TRUE COPY

(c) Other operational revenue:
Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

(iii) Other income:
The Group recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Group identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

2.3 Expenditures:

(i) Finance costs:
Finance costs represents interest expense and transaction cost recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than those classified at FVTPL.

(ii) Other expenses:
Other expenses are recognized on accrual basis and provisions are made for all known losses and liabilities. The Group has also entered into a shared services arrangement for sharing of common resources and facilities with group companies. The cost allocated to the Group under such cost sharing arrangement are included under the respective account head, as applicable. The cost allocated to other entity under this arrangement is reduced from concerned account head and shown as recoverable from concerned entity.

2.4 Property, plant and equipment (PPE):

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment, if any consistent with the criteria specified in Ind AS 16 'Property, plant and equipment'. Cost includes all direct cost related to the acquisition of PPE and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy.

Depreciation is recognised using straight line method so as to write off the cost of the assets (other than freehold land)) less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life and residual values are also reviewed at each financial year end with the effect of any change in the estimates of useful life/ residual value is accounted on prospective basis.

Useful life as used by the Group as indicated in Schedule II are listed below:

- Computers and Laptops- 3 Years

TRUE COPY

Depreciation for additions to/deductions from, owned assets is calculated pro rata to the period of use. Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit or loss.

2.5 Intangible assets:

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. The cost of such assets includes purchase price, licensee fee, import duties and other taxes and any directly attributable expenditure to bring the assets to their working condition for intended use. The Group's other intangible assets mainly include the value of computer software.

Intangible assets comprise computer software which is amortized on a straight-line basis over the estimated useful economic life. The useful life of the intangible assets are estimated at 3 to 5 years.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted in future periods in such a manner that the carrying amount of the asset is allocated over its remaining useful life..

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the assets are recognized in the Statement of Profit and Loss when the asset is derecognized.

2.6 Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is recognised using straight line method in same line as mentioned in para 2.4 above.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.7 Assets held for sale:

Assets held for sale comprises of house & land properties, which were held as collaterals against the loans given to customer, whose physical and legal possessing has been taken over by the Group due to customers' default on repayment of the loan. Management intends to sell these properties for which regular auctions are conducted. Such assets are classified as held for sale when their carrying amount is intended to be recovered principally through sale rather than through continued use.

2.8 Impairment of non-financial assets:

The Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognized in profit or loss.

2.9 Leases:

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

2.10 Employee benefits:

(i) **Short-term employee benefits**:
Employee benefits expected to be settled wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the related service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Benefits such as salaries, reimbursements and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the services.

(ii) **Post-employment benefits**:
The Group operates the following post-employment schemes:

(a) *Defined contribution plans*: The Group's employee provident fund scheme and employees' state insurance is a defined contribution plan. A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefit

TRUE COPY

expense in the Statement of Profit and Loss in the year when the employee renders the related service.

(b) *Defined benefit plans*:

The Group provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

The Holding Company contributes on a lumpsum basis towards the ascertained liabilities to the LIC's New Group Gratuity Cash Accumulation Plan managed by insurance company Life Insurance Corporation of India (LIC).

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

(iii) **Long term employee benefits**:

Benefits under compensated absences constitute other employee benefits. Employee entitlements to annual leave are recognized when they accrue to the eligible employees. An accrual is made for the estimated liability for annual leave as a result of services provided by the eligible employees up to the Balance Sheet date. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

Expenses are recognized immediately in the Statement of Profit and Loss

2.11 Employees Stock Option Scheme:

Equity-settled shared based payments to employees are measured at fair value of the equity instruments at the grant date in accordance with Ind AS 102, "Share based payments". Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 48.1 & 48.2.

The fair value determined at the grant date of the equity-settled share based payments is expected over the vesting period using the graded vesting method, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group reviews its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the "Share Option Outstanding Account" in Other Equity.

The employees of the Group have also been granted stock options in respect of the shares of OFB Tech Private Limited, the ultimate holding company. The Group has entered into repayment arrangement for the provision of share based payments with the ultimate holding company for the ESOP granted and reimburse to the ultimate holding company as and when expenses recognised on the basis of grant date fair valuation.

2.12 Financial instruments:

Financial assets and financial liabilities are recognised in the Group's balance sheet when the Group becomes a party to the contractual provisions of the instrument.

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

(i) Financial assets

(a) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

TRUE COPY

(b) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to sole payments of principal and interest on the principal amount outstanding and by selling financial assets.
Financial assets are measured at FVTOCI subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss.

(c) Debt instruments at amortised cost or at FVTOCI

The Group assesses the classification and measurement of a financial asset based on the contractual cash flow characteristics of the asset and the Group's business model for managing the asset.

For an asset to be classified and measured at amortised cost, its contractual terms should give rise to cash flows that are solely payments of principal and interest on the principal outstanding (SPPI).

For an asset to be classified and measured at FVTOCI, the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has more than one business model for managing its financial instruments which reflect instruments which reflect how the Group manages its financial assets in order to generate cash flows. The Group's business models determine whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Group considers all relevant information available when making the business model assessment. However, this assessment is not performed on the basis of scenarios that the Group does not reasonably expect to occur, such as so-called 'worst case' or 'stress case' scenarios. The Group takes into account all relevant evidence available such as:

- how the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way in which those risks are managed; and
- how managers of the business are compensated (e.g. whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

TRUE COPY

The Group reassess its business models each reporting period to determine whether the business models have changed since the preceding period. For the current and prior reporting period the Group has not identified a change in its business models.

When a debt instrument measured at FVTOCI is derecognised, the cumulative gain/loss previously recognised in OCI is reclassified from equity to profit or loss. In contrast, for an equity investment designated as measured at FVTOCI, the cumulative gain/loss previously recognised in OCI is not subsequently reclassified to profit or loss but transferred within equity. Debt instruments that are subsequently measured at amortised cost or at FVTOCI are subject to impairment.

(d) Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

(e) De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily de-recognised when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and
- either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.
- The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

(f) Servicing of Assets/Liabilities

- The Group transfers loans through securitisation and direct assignment transactions. The transferred loans are derecognised and gains/losses are accounted for, only if the Group transfers substantially all its risks and rewards specified in the underlying assigned loan contracts. In accordance with the Ind AS 109, on derecognition of a financial asset under assigned transactions for a fee, the Group recognises the fair value of future service fee income over service obligations cost on net basis as service fee income in the statement of profit and loss and, correspondingly creates a service asset in balance sheet.

- The Group recognises either a servicing asset or a servicing liability for servicing contract. If the fee to be received is not expected to compensate the Compensate the Group adequately for performing the servicing activities,

TRUE COPY

a servicing liability for the servicing obligation is recognised at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognised. Corresponding amount is recognised in statement of profit and loss.

(g) Transfer of Loan Exposure

Transfer of a loan exposure results in immediate separation from the risks and rewards associated with such loans to the extent that the economic interest has been transferred. The transferee gets an unfettered right to transfer or otherwise dispose of such loans free of any restraining condition to the extent of economic interest transferred to them. Profit or loss on such loans is recognised in the statement of profit and loss for the period in which such loans have been transferred.

(ii) Financial Liabilities:

(a) Financial liabilities, including derivatives, which are designated for measurement at FVTPL are subsequently measured at fair value.

All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

(b) A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

(iii) Instruments Entirely Equity in nature

The classification of a financial instruments or its component parts, on initial recognition as a financial liability, a financial asset or an equity instrument, is done in accordance with the substance of the contractual arrangement and the definitions of a financial liability, a financial asset and an equity instrument. An instrument is classified as an equity instrument or an instrument entirely equity in nature when the said instrument has no other financial instrument or contract that has:

- total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the entity (excluding any effects of such instrument or contract) and
- the effect of substantially restricting or fixing the residual return to the instrument holders.

Instruments entirely equity in nature, are presented as a separate line item on the face of the Balance Sheet under 'Equity' after 'Equity Share Capital' but before 'Other Equity'.

(iv) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the face value and proceeds received in excess of the face value are recognised as securities premium.

2.13 Fair value measurement

The Group measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to

TRUE COPY

transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

When measuring the fair value of an asset or a liability, the Group uses observable market data to the extent possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group measures financial instruments, such as, investments, at fair value on each reporting date. In addition, the fair value of financial instruments measured at amortized cost and FVTPL is disclosed in Note 47.

2.14 Impairment:

The Group recognises loss allowances for expected credit losses (ECLs) on the following financial instruments that are not measured at FVTPL:

- Loans and advances to customers;
- Debt investment securities;
- Trade and other receivable;
- Irrevocable loan commitments issued; and
- Financial guarantee contracts issued.

Credit-impaired financial assets

A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;

It may not be possible to identify a single discrete event-instead, the combined effect of several events may have caused financial assets to become credit-impaired.

Significant increase in credit risk

The Group monitors all financial assets and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Group will measure the loss allowance based on lifetime rather than 12-month ECL.

TRUE COPY

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Group's historical experience and expert credit assessment.

Given that a significant increase in credit risk since initial recognition is a relative measure, a given change, in absolute terms, in the Probability of Default will be more significant for a financial instrument with a lower initial PD than compared to a financial instrument with a higher PD.

Definition of default

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

The Group considers the following as constituting an event of default:

- The borrower is past due more than 90 days on any material credit obligation to the Group; or
- The borrower is unlikely to pay its credit obligations to the Group in full.

The definition of default is appropriately tailored to reflect different characteristics of different types of assets.

When assessing if the borrowers is unlikely to pay its credit obligations, the Group takes into account both qualitative and quantitative indicators. The information assessed depends on the type of the asset, for example in corporate lending a qualitative indicator used is the admittance of bankruptcy petition by National Company Law Tribunal. Quantitative indicators, such as overdue status and non-payment on another obligation of the same counterparty are key inputs in this analysis. The Group uses a variety of sources of information to assess default which are either developed internally or obtained from external sources. The definition of default is applied consistently to all financial instruments unless information becomes available that demonstrates that another default definition is more appropriate for a particular financial instrument.

Expected credit loss model

Basis the above-defined criteria, the Group considering the short-term nature of the majority of underlying portfolio of financial assets, calculates ECL on a collective basis as per the ECL model.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The Group categories financial assets at the reporting date into stages based on the days past due ('DPD') status as under:

- Stage 1: Low credit risk, i.e. 0 to 30 days past due*

TRUE COPY

- Stage 2: Significant increase in credit risk, i.e. 31 to 90 days past due*

- Stage 3: Impaired assets, i.e. more than 90 days past due

*excluding grace period of seven days.

LGD estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Group.

The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments. The Group regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.

Presentation of allowance for ECL in the Balance Sheet:

Loss allowances for ECL are presented in the statement of financial position as follows:
- for financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
- for debt instruments measured at FVTOCI: no loss allowance is recognised in Balance Sheet as the carrying amount is at fair value.

2.15 Write off:

Financial assets are written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when, as at the reporting date, financial asset is overdue for 12 months or more and the Group determines that the debtor does not have assets or source of income that could generate sufficient cash flows to repay the amounts subject to the write off.

Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

2.16 Foreign Currency Transactions

Transactions in foreign currencies are translated into the functional currency of the Group at the exchange rates prevailing on the date of the transaction. Exchange differences arising due to the differences in the exchange rate between the transaction date and the date of settlement of any monetary items are taken to the statement of profit and loss. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the Balance Sheet and resultant gain/ loss is taken to the Statement of Profit and Loss.

2.17 Derivative financial instruments

The Group enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging

TRUE COPY

instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Group designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

Hedge accounting

The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Group would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

2.18 Cash and cash equivalents:

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

TRUE COPY

2.19 Borrowing costs:

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to interest costs. Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.20 Taxation:

Current Tax:
Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961, Income Computation and Disclosure Standards and other applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961, Income Computation and Disclosure Standards and other applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Deferred Tax:

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

2.21 Provisions, contingent liabilities and contingent assets:

Provisions are recognised only when:

(i) there is a present obligation (legal or constructive) as a result of a past event; and
(ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
(iii) a reliable estimate can be made of the amount of the obligation

TRUE COPY

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.22 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax for the year, is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.23 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.24 Operating Cycle:

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.25 Significant accounting judgements, estimates and assumptions:

The preparation of consolidated financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year, and the accompanying disclosures including disclosure of contingent liabilities. The estimates and assumptions used in the accompanying consolidated financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the consolidated financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

In the process of applying the Group's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) *Business model assessment*: Classification of financial assets depends on assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest ('SPPI') on the principal amount outstanding. This assessment includes

judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets. (Refer note no.51).

b) *Impairment of financial assets*: The Group establishes criteria for determining whether credit risk on the financial assets has increased significantly since initial recognition, determines methodology for incorporating forward looking information into measurement of expected credit loss ('ECL') and selection of models used to measure ECL. The impairment loss on loans and advances is disclosed in more detail in Note 51.

c) *Fair value of financial instruments:* When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d) *Effective Interest Rate (EIR) method:* The Group's EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

e) Recognition of deferred tax *assets*: The Group has recognized deferred tax assets/(liabilities) and concluded that the deferred tax assets will be recoverable using the estimated future taxable income based on the experience and future projections. The Group is expected to generate adequate taxable income for liquidating these assets in due course of time.

f) *Other estimates*: These include contingent liabilities, provisions and useful lives of tangible assets and intangible assets.

2.26 Recent Accounting Announcements:

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

TRUE COPY

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose consolidated financial statements. The Group does not expect this amendment to have any significant impact in its consolidated financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its consolidated financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in consolidated financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in consolidated financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its consolidated financial statements.

(b) Defined benefit plans:

The Holding Company operates a funded gratuity benefit plan wherein every employee is entitled to a benefit equivalent to 15/26 days salary (includes dearness allowance) last drawn for each completed year of service. The same is payable on termination of service, or retirement, or death, whichever is earlier. The benefit vests after five years of continuous service. Gratuity benefits are valued in accordance with the Payment of Gratuity Act, 1972.

The trust named "Oxyzo Financial Services Private Limited Employee Group Gratuity Trust" was formed on 25 March 2022, approval of which from Income Tax department is receive don 24 March 2023 w.e.f 25 March 2022. Currently, Holding Company manages employee gratuity fund and have fund policy with LIC.

The gratuity plan of the Holding Company is funded gratuity plan. These plans typically expose the Holding Company to actuarial risks such as: Interest rate risk, Liquidity risk, Salary escalation risk, demographic risk, regulatory risk

Interest rate risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).
Liquidity risk	This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
Salary escalation risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
Regulatory Risk	Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20,00,000).
Asset Liability Mismatching or Market Risk	The duration of the liability is longer compared to duration of assets,exposing the Company to market risk for volatilities/fall in interest rate.
Investment Risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular

(c) Other long-term benefits:

Provision for unfunded Compensated Absences for all employees is based upon actuarial valuations carried out at the end of every financial year. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. Pursuant to the issuance of the Indian Accounting Standard (IndAS) 19 on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit' Method. Gains and losses on changes in actuarial assumptions

Interest rate risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).
Liquidity risk	This is the risk that the Company is not able to meet the short-term benefit payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time
Salary escalation risk	The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

46. Capital

The Holding Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the Reserve Bank of India (RBI) of India. The adequacy of the Holding Company's capital is monitored using, among other measures, the regulations issued by RBI.

The Holding Company has complied in full with all its externally imposed capital requirements over the reported year.

46.1 Capital management

The capital management objectives of the Holding Company are:
- to ensure that the Holding Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios
- to ensure the ability to continue as a going concern
- to provide an adequate return to shareholders

The Holding Company monitors capital on the basis of the carrying amount of debt less cash and bank balances as presented on the face of balance sheet.

Management assesses the capital requirements of the Holding Company in order to maintain an efficient overall financing structure. This takes into account the subordination levels of the Holding Company's various classes of debt. The Holding Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Holding Company may adjust the amount of dividends paid to shareholders, return on capital to shareholders, issue new shares, or sell assets to reduce debt. The Holding Company has a target gearing ratio of 3.00 to 3.50 determined as a proportion of net debt to total equity.

47. Financial instruments

47.1 Financial instruments by category and fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:
(a) recognised and measured at fair value and
(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

*Cash and cash equivalents, other bank balances, trade receivables, other financial assets, trade payables, other payables and other financial liabilities: approximate their carrying amounts largely due to the short-term maturities of these instruments.

47.2 Valuation framework

The group measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The group measures fair values using fair value hierarchy, which reflects the significance of the inputs used in making the measurements. Refer note 2.13 for details on fair value measurement and hierarchy.

The group uses suitable valuation models to determine the fair value of common and simple financial instruments, that use only observable market data and require little management judgement and estimation.

Loans: The fair value of loan and advances are estimated by discounted cash flow models and using Effective Interest Rate (EIR) method. Fair value is then reduced by the impairment loss allowance on loans which is already calculated incorporating probability of default and loss given defaults.

Debt securities, borrowings (other than debt securities): The fair values of the group's borrowings and other debt securities are calculated based on a discounted cash flow model and for the purpose of disclosures debt securities are classified under Level 2 and borrowings (other than debt securities) are classified under Level 3 and are measured at amortised cost using Fffective Interest Rate (EIR) method. The discount rates were based on the available interest rates in the market.

Investments: Investment in debt securities is recorded at discounted cash flow models and using Effective Interest Rate (EIR) method. Fair value in other Investment is based on the information available from external sources such as market-observable including secondary market prices or NAV and where no data is available, it is estimated using prevailing rate on balance sheet date. Management believes that the carrying value of the investments approximates the fair value.

There were no transfers between levels during the year.

51 Financial risk management

i) Risk Management

Risk is an integral part of the Holding Company's business and sound risk management is critical to the success. As a financial company, the Holding Company is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit, liquidity and market risks. The Holding Company's Board of directors has overall responsibility for the establishment and oversight of the risk management framework. In accordance with the RBI guidelines to enable NBFCs to adopt best practices and greater transparency in their operations, the Board of Directors of the Holding Company has constituted a Asset Liability Management Committee (ALCO) and Risk Management Committee. Risk Management Committee reviews risk management in relation to various integrated risks of the Holding Company. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Loan receivables, Cash and bank balances, financial assets measured at amortised cost	Expected loss analysis	Credit risk analysis, diversification of customers/asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk- interest rate	non-current borrowings at variable rates	Sensitivity analysis	Change in interest rates

A) Credit risk

Credit risk arises from loans, cash and cash equivalents, bank balance other than cash and cash equivalents, investments and other financial assets. Credit risk is the risk that a counterparty fails to discharge its obligation to the group. The Group has established various internal risk management process to provide early identification of possible changes in the creditworthiness of counterparties. The credit quality review process aims to allow the Holding Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions. The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk arises from loans financing, cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as shown below:

Particulars	Balance as at March 31,2023
Loans	4,67,159.48
Investments	74,513.27
Trade Receivables	171.11
Cash and cash equivalents	10,122.12
Other bank balances	3,432.74
Other financials asset	78.93

The Holding Company splits its exposure into smaller homogeneous portfolios, based on shared credit risk characteristics, as described below in the following order:
- Secured/unsecured i.e. based on whether the loans are secured
- Nature of security i.e. the nature of the security if the loans are determined to be secured
- Nature of loan i.e. based on the nature of loan

The credit risk management policy of the Holding Company seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements.
- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Maintain an appropriate credit administration and loan
- Establish metrics for portfolio monitoring
- Minimize losses due to defaults or untimely payments by borrowers
- Design appropriate credit risk mitigation techniques

Expected credit loss for loans

In order to mitigate the impact of credit risk in the future profitability, the Holding Company makes reserves basis the expected credit loss (ECL) model for the outstanding loans as balance sheet date. In addition to ECL output, the Company has taken conservative view through specific provisions.
The below discussion describes the Group's approach for assessing impairment as stated in the significant accounting policies.

Expected credit loss measurement

In determining whether credit risk has increased significantly since initial recognition, the institution uses the days past due data and forecast information to assess deterioration in credit quality of a financial asset for all the portfolios. The Holding Company considers its historical loss experience and adjusts this for current observable data. Ind AS 109 requires the use of macroeconomic factors.

Definition of default

The Holding Company defines a financial instrument as in default, any borrower whose contractual payments are due for more than 90 days is termed as default, which is in line with RBI guidelines.

Probability of Default ('PD')

PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 a lifetime PD is required (equivalent to 12-montd PD in the given case) while Stage 3 assets are considered to have a 100% PD. (Refer Note 2.14)

Loss Given Default ('LGD')

Loss given default (LGD) represents estimated financial loss the Group is likely to suffer in the event of default. LGD is calculated using recovery pattern and value of collateral (if applicable) in default accounts.

The Holding Company has added all costs incurred on actuals basis for recovery in all default cases to arrive at final LGD. The recovered amount in all default cases has been discounted for the weighted average of the number of days of default in all such cases to compute the final LGD.

Exposure at Default ('EAD')

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.
The Holding Company has considered cross default criteria while computing EAD i.e. If any customer defaults on one active loan then the customer has been marked as default on other loan (if any) as well.

The ECL is computed as a product of PD, LGD and EAD.

Collateral and other credit enhancements

Financial instruments are not considered to have low credit risk when they are regarded as having a low risk of loss simply because of the value of collateral and the financial instrument without that collateral would not be considered low credit risk. Financial instruments are also not considered to have low credit risk simply because they have a lower risk of default than the entity's other financial instruments or relative to the credit risk of the jurisdiction within which an entity operates.
The loan portfolio of the Holding Company has both secured and unsecured loans and they vary with the type of funding. Basis the past history of receipts against collateral, the overall ECL for the secured portfolio is net of collateral value.

Quantitative and qualitative factors considered along with quantification i.r.t loss rates

Impact of specific risk factors was taken into account while staging of accounts and computation of PD. The forecasted point in time (PIT) PDs have been estimated by establishing a link between through the cycle (TTC) PDs and macroeconomic variables i.e. growth rate prescribed by Index of Industrial Production ('IIP'). The macro-economic variables were regressed using a logical regression against systemic default ratio out of the impact of macro-economic variables on the system wide default rates.

As per the guidelines laid under the standard, the company has done probability weighted scenarios to arrive at the final ECL. These scenarios reflect a baseline, upturn and downturn in economic activity basis which ECL requirements could vary. The final ECL has subsequently been discounted.

* Excluded Rs. 7.51 lakhs related to sundry debtors written off by Zfirst Technologies Private Limited.

Write off policy

Financial assets are written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when, as at the reporting date, financial asset is overdue for 12 months or more and the Group determines that the debtor does not have assets or source of income that could generate sufficient cash flows to repay the amounts subject to the write off. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

B) **Liquidity risk**

Liquidity risk arises as Holding Company has contractual financial liabilities that is required to be serviced and redeemed as per committed timelines and in the business of lending where money is required for the disbursement and creation of financial assets to address the going concern of Holding Company. Liquidity risk management is imperative to Holding Company as this allows covering the core expenses, market investment / creation of financial assets, timely repayment of debt commitments and continuing with their operations.

Management of the Holding Company monitors forecast of liquidity position and cash and cash equivalents on the basis of expected cash flows. The Asset Liability Management Policy aims to align market risk management with overall strategic objectives, articulate current interest rate view and determine pricing, mix and maturity profile of assets and liabilities. The asset liability management policy involves preparation and analysis of liquidity gap reports and ensuring preventive and corrective measures. It also addresses the interest rate risk by providing for duration gap analysis and control by providing limits to the gaps.

The Holding Company aim to maintain the level of its cash equivalents, un-utilized borrowing lines and cash inflow at an amount in excess of expected cash outflows on financial liabilities over the next one year. At 31 March 2023, the net of expected cash inflows and outflows within 12 months are Rs. 198,892.15. Refer note 52 for Maturity analysis of assets and liabilities.

59 The Group has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Group did not have any long-term contracts except derivative contracts for which there were any material foreseeable losses need to be provided as required under any law / accounting standards. (Refer Note 18)

60 There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

61 The Code on Social Security 2020 has been notified in the Official Gazette on 29 September, 2020. The effective date from which the changes are applicable is yet to be notified and the rules are yet to be framed. Impact, if any, of the change will be assessed and accounted in the period in which said code becomes effective and the rules formed thereunder are published.

62 There have been no events after the reporting date that require adjustment/disclosure in these consolidated financial statements.

63 Amounts less than ₹ 500 have been shown at actuals against respective line items statutorily required to be disclosed.

64 The above consolidated financial statements have been reviewed by the Audit Committee at its meeting held on 22 May 2023 and approved by the Board of Directors at its meeting held on 23 May 2023.

INDEPENDENT AUDITOR'S REPORT

To the Members of Oxyzo Financial Services Private Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Oxyzo Financial Services Private Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2023, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its standalone profit, standalone total comprehensive income, the standalone changes in equity and its standalone cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibility for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1.	**Allowances for Expected Credit Losses:** (Refer Note 6 and 47 to the standalone financial statements) As at March 31, 2023, loan assets aggregated ₹ 4,67,159.48 lakhs, constituting 83.76% of the Company's total assets. Significant judgement is used in classifying these loan assets and applying appropriate measurement principles. The allowance for expected credit losses ("ECL") on such loan assets measured at amortised cost is a critical estimate involving	**Principal audit procedures performed:** Read the policies approved by the Board of Directors of the Company that articulate the objectives of managing each portfolio and their business models. Evaluated the management estimates by understanding the process of ECL estimation and related assumptions and tested the controls around data extraction, validation and computation.

	greater level of management judgement. As part of our risk assessment, we determined that the allowance for ECL on loan assets (including undisbursed commitments) has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the standalone financial statements. The elements of estimating ECL which involved increased level of audit focus are the following: • Qualitative and quantitative factors used in staging the loan assets measured at amortised cost. • Basis used for estimating Probabilities of Default ("PD"), • Basis used for estimating Loss Given Default("LGD") • Judgements used in projecting economic scenarios and probability weights applied to reflect future economic conditions. Adjustments to model driven ECL results to address emerging trends.	Assessed the methodology adopted for computation of ECL ("ECL Model") that addresses policies approved by the Board of Directors, procedures and controls for assessing and measuring credit risk on all lending exposures measured at amortised cost. Tested that adjustment done to the output of the ECL Model is consistent with the documented rationale and basis for such adjustments and that the amount of adjustment has been approved by the Board of Directors. Checked disclosures made in relation to the ECL allowance in standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design,

implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expect- ed to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

S.N. DHAWAN & CO. LLP GURUGRAM CHARTERED ACCOUNTANTS

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public dis-closure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable

2. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its standalone financial statements. (Refer Note 56(i) to the standalone financial statements)

      ii. The Company has made provision, as required under applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts. (Refer Note 16 to the standalone financial statements)

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. (Refer Note 60 to the standalone financial statements)

iv. (a). The Management has represented that, to the best of it's knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. (Refer note 55(vii) to the standalone financial statements)

(b). The Management has represented, that, to the best of it's knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. (Refer note 55(viii) to the standalone financial statements)

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, as amended is applicable for the Company only w.e.f. 1 April 2023, therefore, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended, is not applicable.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Oxyzo Financial Services Private Limited on the standalone financial statements as of and for the year ended March 31, 2023)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

B. The Company has maintained proper records showing full particulars of intangible assets recognized in the Standalone Financial Statements.

(b) Property, plant and equipment is physically verified by the Management once in a three year which, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. Accordingly, no physical verification has been carried out by the company during the year hence we are not able to comment on clause 3(i)(b).

(c) Based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties are held in the name of the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, the provisions of clause 3(i)(d) of the Order are not applicable.

(e) There are no proceedings which have been initiated or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder. Accordingly, the provisions of clause 3(i)(e) of the Order are not applicable.

(ii) (a) The Company does not have any inventory. Accordingly, the provisions of clause 3(ii)(a) of the Order are not applicable.

(b) The Company's working capital sanctioned limits were in excess of Rs. 500.00 lakhs during the year, in aggregate, from banks on the basis of security of current assets. The quarterly returns or statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company. (Refer note 20 to the standalone financial statements).

(iii) (a) Since the Company's principal business is to give loans. Accordingly, the provisions of clause 3(iii)(a) of the Order are not applicable.

(b) In our opinion, the investments made, security given and the terms and conditions of grant of all loans and advances in the nature of loans are not, *prima facie*, prejudicial to the Company's interest. The Company has not provided any guarantee during the year.

(c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated. Details of cases, wherein the repayment(s)/receipt(s) of the principal amount and/or the interest are not regular as at year end are as follows (Refer note 47 to the financial statements):

(e) Since the Company's principal business is to give loans. Accordingly, the provisions of clause 3(iii)(e) of the Order are not applicable.

(f) The Company has not granted any loans or advances in the nature of loans which are either repayable on demand or without specifying any terms or period of repayment. Accordingly, the provisions of clause 3(iii)(f) of the Order are not applicable.

(iv) According to the information and explanations given to us and basis our examination of the records of the Company, the Company has not undertaken any transactions in respect of loans, guarantees and securities covered under section 185 of the Companies Act, 2013. The Company has not made any investment as referred in section 186(1) of the Act and other requirements relating to section 186 do not apply to the Company.

(v) The Company has not accepted any deposits during the year, had no unclaimed deposits at the beginning of the year and there are no amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

(vi) The Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of Company's services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.

(vii) (a) The Company is generally regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable except mentioned below. The Company is in the process of depositing the same with appropriate authority. (Refer note 24 of the financial statements)

(viii) There are no such transactions which were not recorded in the books of account earlier and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, the provisions of clause 3(viii) of the Order are not applicable.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or other lender government or any government authority.

(c) The term loans were applied for the purpose for which the loans were obtained, though idle/surplus funds which were not required for immediate utilization were temporarily used for the purpose other than for which the loan was sanctioned but were ultimately utilized for the stated end-use.

(d) On an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. The Company does not hold any investment in any associate or joint venture (as defined in the Act) during the year ended March 31, 2023.

(x) (a) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions of clause 3(x)(a) of the Order are not applicable.

(b) During the year, the Company has made private placement of shares. In respect of the same, in our opinion, the Company has complied with the requirement of Section 42 and Section 62 of the Act and the Rules framed there under. According to the information and explanations given by the management, we report that the amounts raised, have been used for the purposes for which the funds were raised.

(xi) (a) Considering the principles of materiality outlined in the Standards on Auditing, we report that no material fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) During the year and upto the date of this report, no report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 (as amended) with the Central Government.

(c) Considering the principles of materiality outlined in the Standards on Auditing, we have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.

(xiii) Transactions with the related parties are in compliance with Sections 177 and 188 of Act and the requisite details have been disclosed in the standalone financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The internal audit is performed as per a planned program approved by the Audit Committee of the Board of Directors of the Company. We have considered, the internal audit reports for the year under audit, issued to the Company during the year.

(xv) The Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act. Accordingly, provisions of clause3 (xv) of the order are not applicable.

(xvi) (a) The Company is required to be registered under Section 45-IA of the RBI Act, 1934 and such registration has been obtained by the Company.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration from the RBI as per the RBI Act, 1934.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the RBI. Accordingly, provisions of clause3 (xvi)(c) of the order are not applicable.

(d) The Group has no CICs which are part of the Group.

(xvii) The Company has not incurred cash losses in the financial year and in the immediately preceding financial year. Accordingly, provisions of clause3 (xvii) of the order are not applicable.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly paragraph 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due. (Refer Note 46 and 55(x) of the financial statements).

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Oxyzo Financial Services Private Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OXYZO FINANCIAL SERVICES PRIVATE LIMITED
Notes forming part of the Ind AS standalone financial statements for the year ended March 31, 2023

1. Corporate Information

Oxyzo Financial Services Private Limited (the "Company" or "Oxyzo") is a debt listed Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is holding a Certificate of Registration ('CoR') and registered as a systemically important non-deposit taking Non-Banking Financial Company ('NBFC') as defined under Section 45-IA of the Reserve Bank of India (RBI) Act, 1934 (Registration No. N-14.03380) and is primarily engaged in the business of lending. The Company has its registered office at Shop No. G-22C (UGF) D-1 (K-84) Green Park Main, New Delhi-110016 (India).

2. Significant Accounting Policies:

2.1 Statement of compliance:

These Standalone financial statements (herein after referred to as 'financial statements') have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied along with compliance with other statutory promulgations require a different treatment. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020 and other applicable RBI circulars/notifications.

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

The financial statements were reviewed by the audit committee and authorized for issue by the Company's Board of Directors on 23 May 2023.

2.2 Basis of preparation:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period and derivative financial instruments. The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

2.3 Functional and presentation currency:

These financial statements are prepared in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs and two decimals thereof, except as stated otherwise.

2.4 Presentation of financial statements:

The Balance Sheet, the Statement of Change in Equity and the Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs"), that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7, Statement of Cash Flows. The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

The disclosure requirements with respect to items in Balance Sheet, the Statement of Change in Equity and the Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in Lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupee to two decimal places.

2.5 Revenue recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery. Revenue is measured at the fair value of the consideration received or receivable as reduced for estimated customer credits and other similar allowances.

Incomes are recognised net of the goods and services tax, wherever applicable.

(i) Interest income:

Interest income is recognised in the Statement of Profit and Loss and for all financial instruments (except for those classified as held for trading or those measured or designated as at fair value through profit or loss (FVTPL) and at fair value through other comprehensive income (OCI)) is measured using the effective interest method (EIR).

The calculation of the EIR includes all fees paid or received between parties to the contract that are incremental and directly attributable to the financial assets at amortised cost, transaction costs, and all other premiums or discounts and it represents a rate that exactly discounts estimated future cash payments / receipts through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability. For financial assets at FVTPL transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). For financial assets originated or purchased credit-impaired (POCI) the EIR reflects the ECLs in determining the future cash flows expected to be received from the financial asset.

Delayed payment interest (penal interest and the like) levied on customers for delay in repayments/non payment of contractual cashflows is recognised on realization basis.

(ii) Other revenue from operation

The Company recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

(a) Fee and commission income:
Revenue (other than for those items to which IND AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. IND AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

Fee and commission income includes fees other than those that are an integral part of EIR. The fees included in the Company's statement of profit and loss includes service and administration charges towards rendering of additional services to its loan customers and others fees charged for servicing of loans, fees charged on account of loan commitments and loan advisory fees.

Foreclosure charges are collected from loan customers for early payment / closure of loan and are recognised on realisation.

(b) Net gain on fair value change:
Any differences between the fair values of the financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain/loss in the statement of profit and loss. In cases there is a net gain in aggregate, the same is recognized as "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes", in the statement of profit and loss.

(c) Other operational revenue:
Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

(iii) Other income:
The Company recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations. Revenue is measured at fair value of the consideration received or receivable.

2.6 Expenditures:

(i) Finance costs:
Finance costs represents interest expense and transaction cost recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than those classified at FVTPL.

(ii) Other expenses:
Other expenses are recognized on accrual basis and provisions are made for all known losses and liabilities. The Company has also entered into a shared services arrangement for sharing of common resources and facilities with group companies. The cost allocated to the Company under such cost sharing arrangement are included under the respective account head, as applicable. The cost allocated to other entity under this arrangement is reduced from concerned account head and shown as recoverable from concerned entity.

2.7 Property, plant and equipment (PPE):

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment, if any consistent with the criteria specified in Ind AS 16 'Property, plant and equipment'. Cost includes all direct cost related to the acquisition of PPE and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy.

Depreciation is recognised using straight line method so as to write off the cost of the assets (other than freehold land)) less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life and residual values are also reviewed at each financial year end with the effect of any change in the estimates of useful life/ residual value is accounted on prospective basis.

Useful life as used by the Company as indicated in Schedule II are listed below:

- Computers and Laptops- 3 Years

Depreciation for additions to/deductions from, owned assets is calculated pro rata to the period of use. Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit or loss.

2.8 Intangible assets:

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. The cost of such assets includes purchase price, licensee fee, import duties and other taxes and any directly attributable expenditure

to bring the assets to their working condition for intended use. The Company's other intangible assets mainly include the value of computer software.

Intangible assets comprise computer software which is amortized on a straight-line basis over the estimated useful economic life. The useful life of the intangible assets are estimated at 3 to 5 years.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted in future periods in such a manner that the carrying amount of the asset is allocated over its remaining useful life.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the assets are recognized in the Statement of Profit and Loss when the asset is derecognized.

2.9 Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is recognised using straight line method in same line as mentioned in para 2.7 above.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.10 Assets held for sale:

Assets held for sale comprises of house & land properties, which were held as collaterals against the loans given to customer, whose physical and legal possessing has been taken over by the company due to customers' default on repayment of the loan. Management intends to sell these properties for which regular auctions are conducted. Such assets are classified as held for sale when their carrying amount is intended to be recovered principally through sale rather than through continued use.

2.11 Impairment of non-financial assets:

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognized in profit or loss.

2.12 Employee benefits:

(i) **Short-term employee benefits**:
Employee benefits expected to be settled wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the related service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Benefits such as salaries, reimbursements and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the services.

(ii) **Post-employment benefits**:
The Company operates the following post-employment schemes:

(a) *Defined contribution plans*: The Company's employee provident fund scheme and employees' state insurance is a defined contribution plan. A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in the Statement of Profit and Loss in the year when the employee renders the related service.

(b) *Defined benefit plans*:

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

The Company contributes on a lumpsum basis towards the ascertained liabilities to the LIC's New Group Gratuity Cash Accumulation Plan managed by insurance company Life Insurance Corporation of India (LIC).

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

(iii) **Long term employee benefits**:

Benefits under compensated absences constitute other employee benefits. Employee entitlements to annual leave are recognized when they accrue to the eligible employees. An accrual is made for the estimated liability for annual leave as a result of services provided by the eligible employees up to the Balance Sheet date. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

Expenses are recognized immediately in the Statement of Profit and Loss.

2.13 Employees Stock Option Scheme:

Equity-settled shared based payments to employees are measured at fair value of the equity instruments at the grant date in accordance with Ind AS 102, "Share based payments". Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 46.1 & 46.2.

The fair value determined at the grant date of the equity-settled share based payments is expected over the vesting period using the graded vesting method, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company reviews its estimate of the number of equity instruments expected to vest. The impact of the original estimates, if any, is recognized in the profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the "Share Option Outstanding Account" in Other Equity.

The employees of the Company have also been granted stock options in respect of the shares of OFB Tech Private Limited, the holding company. The Company has entered into repayment arrangement for the provision of share based payments with the parent company for the ESOP granted and reimburse to the parent company as and when expenses recognised on the basis of grant date fair valuation.

2.14 Investment in subsidiaries and associates:

The investment in subsidiaries are carried at cost as per Ind AS 27. Investment carried at cost is tested for impairment as per Ind AS 36. An investor, regardless of the nature of its involvement with an entity (the investee), shall determine whether it is a parent by assessing whether it controls the investee. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has ability to affect those returns through its power over the investee. Thus, an investor controls an investee if and only if the investor has all the followings:

(a) Power over the investee;

(b) Exposure, or rights, to variable returns from its involvement with the investee and
(c) The ability to use its power over the investee to affect the amount of the investor's returns

On disposal of investment, the difference between its carrying amount the net disposal proceeds is charged or credited to the Statement of Profit and Loss.

2.15 Financial instruments:

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

(i) Financial assets

(a) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to sole payments of principal and interest on the principal amount outstanding and by selling financial assets.
Financial assets are measured at FVTOCI subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss.

(c) Debt instruments at amortised cost or at FVTOCI

The Company assesses the classification and measurement of a financial asset based on the contractual cash flow characteristics of the asset and the Company's business model for managing the asset.

For an asset to be classified and measured at amortised cost, its contractual terms should give rise to cash flows that are solely payments of principal and interest on the principal outstanding (SPPI).

For an asset to be classified and measured at FVTOCI, the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has more than one business model for managing its financial instruments which reflect instruments which reflect how the Company manages its financial assets in order to generate cash flows. The Company's business models determine whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Company considers all relevant information available when making the business model assessment. However, this assessment is not performed on the basis of scenarios that the Company does not reasonably expect to occur, such as so-called 'worst case' or 'stress case' scenarios. The Company takes into account all relevant evidence available such as:

- how the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way in which those risks are managed; and
- how managers of the business are compensated (e.g. whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

The Company reassess its business models each reporting period to determine whether the business models have changed since the preceding period. For the current and prior reporting period the Company has not identified a change in its business models.

When a debt instrument measured at FVTOCI is derecognised, the cumulative gain/loss previously recognised in OCI is reclassified from equity to profit or loss. In contrast, for an equity investment designated as measured at FVTOCI, the cumulative gain/loss previously recognised in OCI is not subsequently reclassified to profit or loss but transferred within equity. Debt instruments that are subsequently measured at amortised cost or at FVTOCI are subject to impairment.

(d) Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

(e) De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily de-recognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and
- either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.
- The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(f) Servicing of Assets/Liabilities

- The Company transfers loans through securitisation and direct assignment transactions. The transferred loans are derecognised and gains/losses are accounted for, only if the Company transfers substantially all its risks and rewards specified in the underlying assigned loan contracts. In accordance with the Ind AS 109, on derecognition of a financial asset under assigned transactions for a fee, the Company recognises the fair value of future service fee income over service obligations cost on net basis as service fee income in the statement of profit and loss and, correspondingly creates a service asset in balance sheet.

- The Company recognises either a servicing asset or a servicing liability for servicing contract. If the fee to be received is not expected to compensate the Compensate the Company adequately for performing the servicing activities, a servicing liability for the servicing obligation is recognised at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognised. Corresponding amount is recognised in statement of profit and loss.

(g) Transfer of Loan Exposure

Transfer of a loan exposure results in immediate separation from the risks and rewards associated with such loans to the extent that the economic interest has been transferred. The transferee gets an unfettered right to transfer or otherwise dispose of such loans free of any restraining condition to the extent of economic interest transferred to them. Profit or loss on such loans is recognised in the statement of profit and loss for the period in which such loans have been transferred.

(ii) Financial Liabilities:

(a) Financial liabilities, including derivatives, which are designated for measurement at FVTPL are subsequently measured at fair value.

All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

(b) A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

(iii) Instruments Entirely Equity in nature

The classification of a financial instruments or its component parts, on initial recognition as a financial liability, a financial asset or an equity instrument, is done in accordance with the substance of the contractual arrangement and the definitions of a financial liability, a financial asset and an equity instrument. An instrument is classified as an equity instrument or an instrument entirely equity in nature when the said instrument has no other financial instrument or contract that has:

- total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the entity (excluding any effects of such instrument or contract) and
- the effect of substantially restricting or fixing the residual return to the instrument holders.

Instruments entirely equity in nature, are presented as a separate line item on the face of the Balance Sheet under 'Equity' after 'Equity Share Capital' but before 'Other Equity'.

(iv) Equity Instruments

An equity instruments is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the face value and proceeds received in excess of the face value are recognised as securities premium.

2.16 Fair value measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

S. N. DHAWAN & CO. LLP GURUGRAM CHARTERED ACCOUNTANTS

TRUE COPY

OXYZO FINANCIAL SERVICES PRIVATE LIMITED

When measuring the fair value of an asset or a liability, the Company uses observable market data to the extent possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company measures financial instruments, such as, investments, at fair value on each reporting date. In addition, the fair value of financial instruments measured at amortized cost and FVTPL is disclosed in Note 43.

2.17 Impairment:

The Company recognises loss allowances for expected credit losses (ECLs) on the following financial instruments that are not measured at FVTPL:

- Loans and advances to customers;
- Debt investment securities;
- Trade and other receivable;
- Irrevocable loan commitments issued; and
- Financial guarantee contracts issued.

Credit-impaired financial assets

A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;

It may not be possible to identify a single discrete event-instead, the combined effect of several events may have caused financial assets to become credit-impaired.

Significant increase in credit risk

The Company monitors all financial assets and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Company will measure the loss allowance based on lifetime rather than 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Company's historical experience and expert credit assessment.

Given that a significant increase in credit risk since initial recognition is a relative measure, a given change, in absolute terms, in the Probability of Default will be more significant for a financial instrument with a lower initial PD than compared to a financial instrument with a higher PD.

Definition of default

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

The Company considers the following as constituting an event of default:

- The borrower is past due more than 90 days on any material credit obligation to the Company; or
- The borrower is unlikely to pay its credit obligations to the Company in full.

The definition of default is appropriately tailored to reflect different characteristics of different types of assets.

When assessing if the borrowers is unlikely to pay its credit obligations, the Company takes into account both qualitative and quantitative indicators. The information assessed depends on the type of the asset, for example in corporate lending a qualitative indicator used is the admittance of bankruptcy petition by National Company Law Tribunal. Quantitative indicators, such as overdue status and non-payment on another obligation of the same counterparty are key inputs in this analysis. The Company uses a variety of sources of information to assess default which are either developed internally or obtained from external sources. The definition of default is applied consistently to all financial instruments unless information becomes available that demonstrates that another default definition is more appropriate for a particular financial instrument.

Expected credit loss model

Basis the above-defined criteria, the Company considering the short-term nature of the majority of underlying portfolio of financial assets, calculates ECL on a collective basis as per the ECL model.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The Company categories financial assets at the reporting date into stages based on the days past due ('DPD') status as under:

- Stage 1: Low credit risk, i.e. 0 to 30 days past due*

- Stage 2: Significant increase in credit risk, i.e. 31 to 90 days past due*

- Stage 3: Impaired assets, i.e. more than 90 days past due

*excluding grace period of seven days.

LGD estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.

OXYZO FINANCIAL SERVICES PRIVATE LIMITED

The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments. The Company regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.

Presentation of allowance for ECL in the Balance Sheet:

Loss allowances for ECL are presented in the statement of financial position as follows:

- for financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
- for debt instruments measured at FVTOCI: no loss allowance is recognised in Balance Sheet as the carrying amount is at fair value.

2.18 Write off:

Financial assets are written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when, as at the reporting date, financial asset is overdue for 12 months or more and the Company determines that the debtor does not have assets or source of income that could generate sufficient cash flows to repay the amounts subject to the write off.

Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

2.19 Foreign Currency Transactions

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates prevailing on the date of the transaction. Exchange differences arising due to the differences in the exchange rate between the transaction date and the date of settlement of any monetary items are taken to the statement of profit and loss. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the Balance Sheet and resultant gain/ loss is taken to the Statement of Profit and Loss.

2.20 Derivative financial instruments

The Company enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps. Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Company designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

Hedge accounting

The Company makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Company formally designates and documents the hedge

OXYZO FINANCIAL SERVICES PRIVATE LIMITED

relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Company would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

2.21 Cash and cash equivalents:

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

2.22 Borrowing costs:

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to interest costs. Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.23 Taxation:

Current Tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961, Income Computation and Disclosure Standards and other applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with Income tax Act, 1961, Income Computation and Disclosure Standards and other applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Deferred Tax:

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current ax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

2.24 Provisions, contingent liabilities and contingent assets:

Provisions are recognised only when:

(i) there is a present obligation (legal or constructive) as a result of a past event; and
(ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
(iii) a reliable estimate can be made of the amount of the obligation

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.25 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax for the year, is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.26 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted av7rage number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.27 Operating Cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

2.28 Significant accounting judgements, estimates and assumptions:

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year, and the accompanying disclosures including disclosure of contingent liabilities. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

In the process of applying the Company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) *Business model assessment*: Classification of financial assets depends on assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest ('SPPI') on the principal amount outstanding. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the

asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets. (Refer note no.47.

b) *Impairment of financial assets*: The Company establishes criteria for determining whether credit risk on the financial assets has increased significantly since initial recognition, determines methodology for incorporating forward looking information into measurement of expected credit loss ('ECL') and selection of models used to measure ECL. The impairment loss on loans and advances is disclosed in more detail in Note 47

c) *Fair value of financial instruments:* When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations *of* inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d) *Effective Interest Rate (EIR) method:* The Company's EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

e) Recognition of deferred tax *assets*: The Company has recognized deferred tax assets/(liabilities) and concluded that the deferred tax assets will be recoverable using the estimated future taxable income based on the experience and future projections. The Company is expected to generate adequate taxable income for liquidating these assets in due course of time.

f) *Other estimates*: These include contingent liabilities, provisions and useful lives of tangible assets and intangible assets.

2.29 Recent Accounting Accouncements:

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Notes forming part of the Ind AS standalone financial statements for the year ended 31 March 2023

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

The gratuity plan of the company is funded gratuity plan. These plans typically expose the Company to actuarial risks such as: Interest rate risk, Liquidity risk, Salary escalation risk, demographic risk, regulatory risk

Interest rate risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in standalone financial statements).
Liquidity risk	This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
Salary escalation risk	The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
Regulatory Risk	Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20,00,000).
Asset Liability Mismatching or Market Ris	The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.
Investment Risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

The most recent actuarial valuation of the present value of the defined benefit obligation were carried out as at 31 March 2023 by Ms. Vichitra Malhotra (FIAI M.No. 10336), Fellow of the Institute of Actuaries of India. Sensitivity Analysis

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There is no change in the method of valuation for the prior period.

Provision for unfunded Compensated Absences for all employees is based upon actuarial valuations carried out at the end of every financial year. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. Pursuant to the issuance of the Indian Accounting Standard (Ind AS) 19 on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit' Method. Gains and losses on changes in actuarial assumptions

Interest rate risk	The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).
Liquidity risk	This is the risk that the Company is not able to meet the short-term benefit payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
Salary escalation risk	The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
Demographic risk	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

44. Capital

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the Reserve Bank of India (RBI) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

The Company has complied in full with all its externally imposed capital requirements over the reported year.

44.1 Capital management

The capital management objectives of the Company are:
- to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios
- to ensure the ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of debt less cash and cash equivalents and other bank balances as presented in the balance sheet.

Management assesses the capital requirements of the Company in order to maintain an efficient overall financing structure. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return on capital to shareholders, issue new shares, or sell assets to reduce debt. The Company has a target gearing ratio of 2.50 to 3.00 determined as a proportion of net debt to total equity.

44.2 Regulatory capital

As contained in RBI Master Directions - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (hereinafter referred to as "RBI Master Directions"), the Company is required to maintain a capital ratio consisting of Tier I and Tier II capital not less than 15% of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off- balance sheet items. Out of this, Tier I capital shall not be less than 10%. The BoDs regularly monitors the maintenance of prescribed levels of Capital Risk Adjusted Ratio (CRAR).

Capital Adequacy Ratio (CAR) and other key financial parameters as at 31 March 2023 of the Company are as under:

Particulars	As at 31 March 2023	As at 31 March 2022
Capital Adequacy ratio - Tier I	42.21%	47.99%
Capital Adequacy ratio - Tier II	0.44%	0.38%

45. Financial instruments

45.1 Financial instruments by category and fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:
(a) recognised and measured at fair value and
(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

45.2 Valuation framework

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company measures fair values using fair value hierarchy, which reflects the significance of the inputs used in making the measurements. Refer note 2.15 for details on fair value measurement and hierarchy.

The Company uses suitable valuation models to determine the fair value of common and simple financial instruments, that use only observable market data and require little management judgement and estimation.

Loans: The fair value of loan and advances are estimated by discounted cash flow models and using Effective Interest Rate (EIR) method. Fair value is then reduced by the impairment loss allowance on loans which is already calculated incorporating probability of default and loss given defaults.

Debt securities, borrowings (other than debt securities): The fair values of the Company's borrowings and other debt securities are calculated based on a discounted cash flow model and for the purpose of disclosures debt securities are classified under Level 2 and borrowings (other than debt securities) are classified under Level 3 and are measured at amortised cost using Effective Interest Rate (EIR) method. The discount rates were based on the available interest rates in the market.

Investments: Investment in debt securities is recorded at discounted cash flow models and using Effective Interest Rate (EIR) method. Fair value in other Investment is based on the information available from external sources such as market-observable including secondary market prices or NAV and where no data is available, it is estimated using prevailing rate on balance sheet date. Management believes that the carrying value of the investments approximates the fair value.

There were no transfers between levels during the year.

47 Financial risk management

i) Risk Management

Risk is an integral part of the Company's business and sound risk management is critical to the success. As a financial company, the Company is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit, liquidity and market risks. The Company's Board of directors has overall responsibility for the establishment and oversight of the risk management framework. In accordance with the RDI guidelines to enable NBFCs to adopt best practices and greater transparency in their operations, the Board of Directors of the Company has constituted a Asset Liability Management Committee (ALCO) and Risk Management Committee. Risk Management Committee reviews risk management in relation to various integrated risks of the Company. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Loan receivables, Cash and bank balances, financial assets measured at amortised cost	Expected loss analysis	Credit risk analysis, diversification of customers/asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk- interest rate	non-current borrowings at variable rates	Sensitivity analysis	Change in interest rates

A) Credit risk

Credit risk arises from loans, cash and cash equivalents, bank balance other than cash and cash equivalents, investments and other financial assets. Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company has established various internal risk management process to provide early identification of possible changes in the creditworthiness of counterparties. The credit quality review process aims to allow the Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions. The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk arises from loans financing, cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as shown below:

Particulars	Balance as at 31 March 2023	Balance as at 31 March 2022
Loans	467,159.48	254,011.09
Investments	75,362.59	33,648.09
Trade Receivables	-	110.31
Cash and cash equivalents	9,847.98	53,820.78
Other bank balances	3,107.68	868.66
Other financials asset	67.02	53.86

The Company splits its exposure into smaller homogeneous portfolios, based on shared credit risk characteristics, as described below in the following order:
- Secured/unsecured i.e. based on whether the loans are secured
- Nature of security i.e. the nature of the security if the loans are determined to be secured
- Nature of loan i.e. based on the nature of loan

The credit risk management policy of the Company seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements.
- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Maintain an appropriate credit administration and loan
- Establish metrics for portfolio monitoring
- Minimize losses due to defaults or untimely payments by borrowers
- Design appropriate credit risk mitigation techniques

Expected credit loss for loans

In order to mitigate the impact of credit risk in the future profitability, the Company makes reserves basis the expected credit loss (ECL) model for the outstanding loans as balance sheet date. In addition to ECL output, the Company has taken conservative view through specific provisions.
The below discussion describes the Company's approach for assessing impairment as stated in the significant accounting policies.

Expected credit loss measurement

In determining whether credit risk has increased significantly since initial recognition, the institution uses the days past due data and forecast information to assess deterioration in credit quality of a financial asset for all the portfolios. The Company considers its historical loss experience and adjusts this for current observable data. Ind AS 109 requires the use of macroeconomic factors.

Definition of default
The Company defines a financial instrument as in default, any borrower whose contractual payments are due for more than 90 days is termed as default, which is in line with RBI guidelines.

Probability of Default ('PD')
PD is defined as the probability of whether the borrower will default on their obligation in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 a lifetime PD is required (equivalent to 12-month PD in the given case) while Stage 3 assets are considered to have a 100% PD. (Refer Note 2.17)

Loss Given Default ('LGD')
Loss given default (LGD) represents estimated financial loss the Company is likely to suffer in the event of default. LGD is calculated using recovery pattern and value of collateral (if applicable) in default accounts.

The company has added all costs incurred on actuals basis for recovery in all default cases to arrive at final LGD.The recovered amount in all default cases has been discounted for the weighted average of the number of days of default in all such cases to compute the final LGD.

Exposure at Default ('EAD')
The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.
The company has considered cross default criteria while computing EAD i.e. If any customer defaults on one active loan then the customer has been marked as default on other loan (if any) as well.

The ECL is computed as a product of PD, LGD and EAD.

Collateral and other credit enhancements
Financial instruments are not considered to have low credit risk when they are regarded as having a low risk of loss simply because of the value of collateral and the financial instrument without that collateral would not be considered low credit risk. Financial instruments are also not considered to have low credit risk simply because they have a lower risk of default than the entity's other financial instruments or relative to the credit risk of the jurisdiction within which an entity operates.
The loan portfolio of the Company has both secured and unsecured loans and they vary with the type of funding. Basis the past history of receipts against collateral, the overall ECL for the secured portfolio is net of collateral value.

Quantitative and qualitative factors considered along with quantification i.r.t loss rates
Impact of specific risk factors was taken into account while staging of accounts and computation of PD. The forecasted point in time (PIT) PDs have been estimated by establishing a link between through the cycle (TTC) PDs and macroeconomic variables i.e. growth rate prescribed by Index of Industrial Production ('IIP'). The macro- economic variables were regressed using a logical regression against systemic default ratio out of the impact of macro-economic variables on the system wide default rates.
As per the guidelines laid under the standard, the company has done probability weighted scenarios to arrive at the final ECL. These scenarios reflect a baseline, upturn and downturn in economic activity basis which ECL requirements could vary. The final ECL has subsequently been discounted.

Write off policy
Financial assets are written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when, as at the reporting date, financial asset is overdue for 12 months or more and the Company determines that the debtor does not have assets or source of income that could generate sufficient cash flows to repay the amounts subject to the write off.
Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

B) **Liquidity risk**
Liquidity risk arises as Company has contractual financial liabilities that is required to be serviced and redeemed as per committed timelines and in the business of lending where money is required for the disbursement and creation of financial assets to address the going concern of Company. Liquidity risk management is imperative to Company as this allows covering the core expenses, market investment / creation of financial assets, timely repayment of debt commitments and continuing with their operations.

Management of the Company monitors forecast of liquidity position and cash and cash equivalents on the basis of expected cash flows. The Asset Liability Management Policy aims to align market risk management with overall strategic objectives, articulate current interest rate view and determine pricing, mix and maturity profile of assets and liabilities. The asset liability management policy involves preparation and analysis of liquidity gap reports and ensuring preventive and corrective measures. It also addresses the interest rate risk by providing for duration gap analysis and control by providing limits to the gaps.

The Companies aim to maintain the level of its cash equivalents, un-utilized borrowing lines and cash inflow at an amount in excess of expected cash outflows on financial liabilities over the next one year. At 31 March 2023, the net of expected cash inflows and outflows within 12 months are Rs. 198,065.82 (31 March 2022: Rs. 188,990.02). Refer note 48 for Maturity analysis of assets and liabilities and note 51 (IX) for asset liability management (ALM).

Refer note 48 for maturity analysis of assets and liabilities.

C) **Market Risk**

Market risk is the risk that the fair value or future cash flow of financial instrument will fluctuate due to changes in market variables such as interest rates, foreign exchange rates etc. The objective of market risk management is to manage and control market risk exposure within acceptable parameters while maximising the return.

Interest rate risk
The Company uses a mix of cash and borrowings to manage the liquidity and fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates. Interest rate risk on variable borrowings is managed by way of regular monitoring borrowing rate.

(vi) Institutional set-up for Liquidity Risk Management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed. The Board approves the governance structure, policies, strategy and the risk limits for the management of liquidity risk. The Board of Directors approves the constitution of the Risk Management Committee (RMC) for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company. Further, the Board of Directors also approves constitution of Asset Liability Committee (ALCO), which functions as the strategic decision-making body for the asset-liability management of the Company from risk-return perspective and within the risk appetite and guard-rails approved by the Board. The main objective of ALCO is to assist the Board and RMC in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity and interest rate risk management and also to ensure adherence to risk tolerance/limits set up by the Board. ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds. ALCO meetings are held once in a year or more frequently as the Committee may determine to adequately fulfill the responsibilities outlined in the charter. The minutes of ALCO meetings are placed before the Board of Directors in its next meeting for its perusal/approval/ratification. Further Company has board approved Internal Capital Adequacy Assessment Process (ICAAP) policy in place as per RBI Scale Based Regulation (SBR).

Sub: - Fairness opinion on the share exchange ratio for the proposed amalgamation of the entire business and undertaking of Zfirst Technologies Private Limited ("**Zfirst**" or the "**Amalgamating Company**") with Oxyzo Financial Services Private Limited ("**Oxyzo**" or the "**Amalgamated Company**")

Dear Sir/Madam,

We, Corporate CapitalVentures Private Limited" (hereinafter referred as **CCV**), a SEBI registered Category-I Merchant Banker, understand that Zfirst Technologies Private Limited ("**Zfirst**" or the "**Amalgamating Company**") proposed to be amalgamated with Oxyzo Financial Services Private Limited ("**Oxyzo**" or the "**Amalgamated Company**") by way of share exchange. Zfirst and Oxyzo collectively referred to as the "Transacting Companies"/ "Merging Entities". As a consideration for the aforesaid proposed amalgamation, CCPS Series A1 and Series A2 of the Amalgamated Company would be issued to the shareholders of the Amalgamating Company. We further understand that Management of the Transacting Companies have undertaken valuation exercise for the Proposed Amalgamation and obtained a Valuation Report dated 05 August 2023, from Manuj Singhal, a Registered Valuer Securities or Financial Assets, with Registration No: IBBI/RV/05/2018/10425 (hereinafter referred to as "Valuer") recommending the share exchange ratio for the issuance of CCPS Series A1 and Series A2 of Oxyzo to the shareholders of Zfirst.

In this regard, CCV has been requested by the respective managements of the Transacting Companies to give a "Fairness Opinion Report" on the share exchange ratio for the Transacting Companies.

CCV has not undertaken the valuation of the Transacting Companies. The valuation exercise for the Proposed Scheme has been done by Manuj Singhal. We have examined the Valuation Report dated 05 August 2023 submitted by Valuer to the Transacting Companies. We have not independently checked or verified the assumptions made by the Valuer.

We have reviewed the historical financial and business information of the Merging Entities and certain comparable companies and other relevant information from publicly available sources, and have taken into account such other matters as we deemed necessary including our assessment of general economic, market and monetary conditions.

For arriving at the opinion, we have:

- Perused the Valuation Report issued by the Valuer
- Received and reviewed certain explanations and additional information provided by the representatives of the Merging Entities

TRUE COPY

- Reviewed the Proposed Draft Composite Scheme of Arrangement
- Reviewed the Audited Financial statements for FY 2022 and 2023.

In addition to the above, we have had discussions with the officials of the Merging Entities on the past and current business operations of the businesses concerned. Further, we have had discussions with the Merging Entities and the Valuer on such matters which we believe are necessary or appropriate for the purpose of issuing the Fairness Opinion Report.

We assume no responsibility for the legal, tax, accounting or structuring matters including, but not limited to, legal or title concerns. Title to all subject business assets is assumed to be good and marketable and we would urge the Transacting Companies to carry out an independent assessment of the same prior to entering into any transaction, after giving due weightage to the results of such assessment.

We have assumed and relied upon, without independent verification, the accuracy and completeness of all information supplied or otherwise made available to us either in oral or written form, discussed with or reviewed by or for us. We have been informed that all information relevant for the purpose of issuing the Fairness Opinion Report has been disclosed to us and we are not aware of any material information that has been omitted or that remains undisclosed. This being so, no representation or warranty, express or implied, is or will be made, and no responsibility or liability is or will be accepted by CCV and its affiliates, its directors, employees, agents or representatives, or in relation to, the accuracy or adequacy of information contained in the Fairness Opinion Report or any other written or oral information made available to any party or their advisors in connection with such Fairness Opinion Report. We do not accept any liability to any third party in relation to the issuance of this Fairness Opinion Report.

We have not conducted any evaluation of the solvency or fair value of the Merging Entities, under any laws relating to bankruptcy, insolvency or similar matters. In addition, we have not assumed any obligation to conduct any physical inspection of the properties or facilities of the Merging Entities. We have assumed and relied upon the truth, accuracy and completeness of the information, data and financial documents provided to us; we have assumed that the same are not misleading and do not assume or accept any liability or responsibility for any independent verification of such information or any independent technical valuation or appraisal of any of the assets, operations or liabilities of the Merging Entities.

Our Fairness Opinion Report does not factor overall economic environment risk and other risks and is purely based on the information and representations provided to us. We have not assumed the risk of any material adverse change having an impact on the business of the Merging Entities. We express no view as to, and our Fairness Opinion Report does not address, the underlying business decision of any company to affect the Proposed Scheme or the merits of the Proposed Scheme nor does it constitute any kind of recommendation to any shareholder or creditor of the Transacting Companies as regards to the Proposed Scheme or any matter related thereto.

In addition, this Fairness Opinion Report does not address the fairness to, or any other consideration of, the holders of any class of securities, creditors or other [illegible] of the Transacting Companies.

TRUE COPY

Our Fairness Opinion Report is not and does not purport to be an appraisal or otherwise reflective of the prices at which any business or securities actually could be ideally bought or sold by any party and is not indicative of actual value or actual future results that might be achieved, which value may be higher or lower than those indicated, and any investment decision should not be based solely on this Fairness Opinion Report and the buyer should carry out their own due diligence.

Our Fairness Opinion Report is not necessarily based on economic, market and other conditions as in effect on the date of issuing this Fairness Opinion Report, and the information made available to us as of, the date hereof. It should be understood that in case of any subsequent developments we do not have any obligation to update, revise, or reaffirm this Fairness Opinion Report certified to the extent that the conclusions are based on projections. We have assumed that the Financial Projections have been reasonably prepared by management and reflect management's best currently available estimates and good faith judgment of the future competitive, operating and regulatory environment and related financial performance of the Company, and that the Financial Projections and the assumptions derived therefrom provide a reasonable basis for our opinion. CCV expresses no opinion on the achievability of those forecasts.

This Fairness Opinion Report is provided solely for the benefit of the Management of the Transacting Companies and shall not confer rights or remedies upon, any shareholder of the Transacting Companies or any other person other than the members of the Board of Directors of the Transacting Companies or be used for any other purpose. Our opinion may not be used or referred to by the Company, or quoted or disclosed to any person in any matter, without our prior written consent.

This Fairness Opinion Report is only a free and fair opinion and does not constitute a commitment by CCV to underwrite, subscribe for or place any securities or to extend or arrange credit or to provide any other services. In addition, we were not requested to and did not provide advice concerning the structure, the specific amount of the consideration, or any other aspects of the Transaction, or to provide services other than the delivery of this opinion. There is no conflict of interest in our opinion and our fee is not contingent upon the opinion expressed herein.

For the purpose of the Valuation and recommending the share exchange ratio, considering the nature, stage, and size of the business and keeping in view the necessary regulatory guidelines, the Valuer has utilized the Income Approach to determine the fair value of equity shares of Zfirst and Oxyzo which we find are an appropriate methodology for the purpose of issuing the Fairness Opinion Report.

As per the valuation report dated 05 August 2023, the share exchange ratio identified by the valuer is as mentioned below:

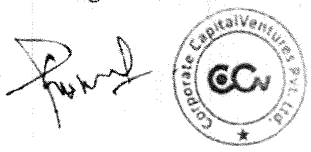

"**533,208** *0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A1* ("CCPS Series A1") *of face value INR 10 each fully paid up of* Oxyzo *for every* **2,681,062** equity shares *of face value of INR 10 each fully paid of* Zfirst *for the amalgamation of* Zfirst into Oxyzo".

"**212,789** *0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A2* ("CCPS Series A2") *of face value INR 10 each fully paid up of* Oxyzo *for every* **1,069,938** equity shares *of face value of INR 10 each* [illegible] *of* Zfirst *for the amalgamation of* Zfirst into Oxyzo".

TRUE COPY

On the basis of and subject to the foregoing, to the best of our knowledge and belief, it is our view that, as of the date hereof, the proposed share exchange ratios set out above are fair, from a financial point of view.

2. All assets, liabilities and reserves of the Amalgamating Company shall be recorded in the books of account of the Amalgamated Company at their existing carrying amounts and in the same form as recorded in the books of the Amalgamating Company. The identity of the reserves shall be preserved and shall appear in the financial statements of the Amalgamated Company in the same form in which they appeared in the financial statements of the Amalgamating Company;

3. The difference between the amount recorded as share capital issued by the Amalgamated Company and the value of assets, liabilities and reserves recorded by the Amalgamated Company shall be transferred to reserves;

4. Pursuant to the amalgamation of the Amalgamating Company into and with the Amalgamated Company, inter-company balances between the Amalgamating Company and the Amalgamated Company, if any, appearing in the books of the Amalgamated Company shall stand cancelled.

5. In case of any difference in the accounting policies between the Amalgamating Company and the Amalgamated Company, the accounting policies followed by the Amalgamated Company shall prevail to ensure that the financial statements of the Amalgamated Company reflect the financial position on the basis of consistent accounting policy.

b. Proposed Accounting Treatment in the Books of Amalgamated Company under para 22.1 of the proposed scheme:

1. The accounts representing the assets and liabilities pertaining to the Transferred Undertaking in the books of the Amalgamated Company shall stand closed upon the transfer of the Transferred Undertaking to the Transferee Company. The Amalgamated Company shall account for the transfer and vesting of the Transferred Undertaking by de-recognizing the carrying values of the assets and liabilities of the Transferred Undertaking, which will cease to be the assets and liabilities of the Amalgamated Company in accordance with applicable accounting standards.

2. The consideration receivable by the Amalgamated Company from the Transferee Company as specified in Part V of the Scheme shall be separately recorded as "Receivable Balance."

3. Any difference arising on account of excess of the net assets transferred over the consideration for Slump Sale or vice versa shall be debited or credited, as the case may be, to the statement of the profit and loss account.

We have conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) I, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

a. Based on our examination, the accounting treatment proposed in clause 15.1 of Part IV and clause 22.1 of Part V of the Proposed Scheme is in compliance with the applicable accounting standards prescribed under section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standard) Rules, 2015 and other accounting principles generally accepted in India.

b. Considered the separate audited standalone financial statements of the amalgamating and the amalgamated companies as at and for the year ended 31 March 2023 wherein the respective statutory auditors of the companies have issued an unmodified audit opinion on the above standalone financial statements vide their reports dated 19 May 2023 and 23 May 2023 respectively. Having regard to the above standalone audited financial statements of the amalgamating and amalgamated companies, considering that none of the statutory auditors have reported on the existence of any material uncertainty pertaining to going concern or solvency

matters in their audit reports for the year ended 31 March 2023, in our opinion, the amalgamated company is capable of payment of interest / repayment of principal. We, however, state that this is not an assurance as to the future viability of the amalgamated company. We further state that our reporting is based on the facts up to the date of this certificate and we neither give any guarantee nor any assurance that all liabilities will get discharged by the amalgamated company as and when they fall due.

Restrictions:

This certificate is issued at the specific request of the Company solely for the purpose of their record to comply with the relevant provisions of the Act and for onward submission to the relevant statutory authorities including stock exchanges in terms of Securities Exchange Board of India (SEBI) operational Circular No. SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/0000000103 dated 29 July, 2022, as may be necessary to give effect to the Proposed Scheme and is not to be filed anywhere or used for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Sub: Certificate on the proposed accounting treatment in the Composite Scheme of Arrangement in pursuance of the provisions of the Companies Act, 2013 ('The Act')

We, AMRK and Associates, the statutory auditors of Zfirst Technologies Private Limited, (hereinafter referred to as "**Company**"), have examined the proposed accounting treatment specified in clause 15 of the draft composite scheme of arrangement ("**Draft Scheme**") amongst **Zfirst Technologies Private Limited** (Amalgamating Company); **Oxyzo Financial Services Private Limited** (Amalgamated Company); **Ziel Financial Technologies Private Limited** (Transferee Company) (collectively, the "**Companies**") and their respective shareholders is in terms of the provisions of sections 230 to 232 of the Companies Act, 2013 with reference to its compliance with the applicable Accounting Standards notified under the Companies Act, 2013 and Other Generally Accepted Accounting Principles.

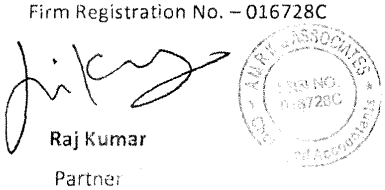

The responsibility for the preparation of the Draft Scheme and its compliance with the relevant laws and regulations, including the applicable Accounting Standards as aforesaid, is that of the Board of Directors of the Companies involved. Our responsibility is only to examine and report whether the Draft Scheme complies with the applicable Accounting Standards and Other Generally Accepted Accounting Principles. Nothing contained in this Certificate, nor anything said or done in the course of, or in connection with the services that are subject to this Certificate, will extend any duty of care that we may have in our capacity of the statutory auditors of any financial statements of the Company. We carried out our examination in accordance with the Guidance Note on Audit Reports and Certificates for Special Purposes, issued by the Institute of Chartered Accountants of India.

Based on our examination and according to the information and explanations given to us, since, upon the Scheme becoming effective, the Company shall stand dissolved without being wound up and considering no specific accounting treatment in the books of the Company has been prescribed in the Draft Scheme, in our opinion, the question of compliance of the accounting treatment in the books of Company with applicable accounting standards does not arise.

Sub: **Recommendation of share exchange ratio for the proposed amalgamation of the entire business and undertaking of Zfirst Technologies Private Limited ("Zfirst" or the "Amalgamating Company") with Oxyzo Financial Services Private Limited ("Oxyzo" or the "Amalgamated Company")**

Dear Sirs,

This is in reference to the engagement, wherein Oxyzo Financial Services Private Limited ("Oxyzo" or the "Amalgamated Company") and Zfirst Technologies Private Limited ("Zfirst" or the "Amalgamating Company") have requested Manuj Singhal ("Registered Valuer" or "Valuer"), to the determination of share exchange ratio in connection with the proposed amalgamation of the entire business and undertaking of Zfirst with Oxyzo pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 as may be applicable ("the Act") and rules made thereunder.

In this relation, Registered Valuer has performed a valuation analysis of each Company to arrive at the fair value of equity shares of both the Companies as on March 31st, 2023 (the "Valuation Date") and recommend the share exchange ratio for proposed amalgamation. Registered Valuer understands that the analysis will be used by the management of the Companies as required under Companies Act, 2013.

This cover letter is intended to provide you with an overview of the purpose and scope of Valuer analysis and conclusions. Please refer to the attached report for a discussion and presentation of the analysis performed in connection with this engagement.

Purpose and Scope

Based on discussions with the management, Registered Valuer understands that the management of both the Companies are exploring the possibility of amalgamation of the entire business and undertaking of Zfirst Technologies Private Limited ("Zfirst" or the "Amalgamating Company") with Oxyzo Financial Services Private Limited ("Oxyzo" or the "Amalgamated Company") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 with effect from such date as may be prescribed in "Composite Scheme of Arrangement". As part of this Scheme, all the assets and properties of Zfirst of whatsoever nature and wherever situated, without any further act or deed, be and stand transferred to and vested in Oxyzo or deemed to be transferred to and vested in Oxyzo as going concern.

In this relation, Registered Valuer has been requested by the respective management of the Companies to submit a valuation report to determine fair value of equity shares of each Company based on internationally accepted valuation methodologies and recommending share exchange ratio in connection with the said transaction. Registered Valuer has carried out valuation of equity shares of both the Companies as on March 31st, 2023 (the "Valuation Date") with an object of recommending share exchange ratio for proposed scheme. This report is intended to be used solely for the purpose of regulatory compliance with respect to proposed scheme. The Report has been prepared exclusively for specified purposes as mentioned above and hence should not be used for any other purpose, without obtaining the prior written consent from Registered Valuer. This opinion should not be considered, in whole or in part, as investment advice by anyone.

Summary of Findings

The share exchange ratio has been estimated based on the relative valuation of both the companies, based on methodologies applied for their valuation (as described in this report); the qualitative factors relevant to companies, industry and business outlook, and the key underlying assumptions.

Based on the valuation analysis of the businesses of the Companies, in my assessment, the share exchange ratio for the purpose of amalgamation should be:

I. ENGAGEMENT OVERVIEW

1.1 Purpose and Scope

Based on discussions with the management, Registered Valuer understands that the management of the Companies are exploring the possibility of amalgamation of the entire business and undertaking of Zfirst Technologies Private Limited ("Zfirst" or the "Amalgamating Company") with Oxyzo Financial Services Private Limited ("Oxyzo" or the "Amalgamated Company") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 with effect from such date as may be prescribed in "Composite Scheme of Arrangement". As part of this Scheme, all the assets and properties of Zfirst of whatsoever nature and wherever situated, without any further act or deed, be and stand transferred to and vested in Oxyzo or be deemed to be transferred to and vested in Oxyzo as going concern.

In this relation, Registered Valuer has been requested by the respective management of the Companies to submit a valuation report to determine fair value of equity shares of each Company based on internationally accepted valuation methodologies and recommending share exchange ratio in connection with the said transaction. Registered Valuer has carried out valuation of equity shares of both the Companies as on March 31st, 2023 (the "Valuation Date") with an object of determining share exchange ratio for the proposed scheme. This report is intended to be used solely for the purpose of regulatory compliance with respect to proposed scheme.

Registered Valuer has performed a valuation analysis of the businesses of the Companies as of Valuation Date as specified in this report. The exercise has been carried out in accordance with the Caveats and Limitation set out in Section VIII of this report.

1.2 Value Definition

Business valuation can be undertaken in a variety of contexts and for a variety of purposes. To begin with any valuation process, it is most pertinent to identify the type of value relevant to the transaction/case as different standards of value would yield different valuation figure for same business interest. In the given context, **Fair Value** is considered as the appropriate standard of value.

Fair value is defined as:

"The fair value of an asset (or liability) is the amount at which that asset (or liability) could be bought (or incurred) or sold (or settled) in a current transaction between willing parties, that is, other than in a forced or liquidation sale."

1.3 Premise of Value

The present valuation of the Companies is undertaken on a **Going Concern Premise** i.e., on the premise that the Companies will continue to operate in future and earn cash flows.

1.4 Source of Information

Registered Valuer has based this Opinion on information provided and represented by the management of the Companies. My review and analysis is based on the following source of information:

- Audited financial statements of the Companies as of the Valuation Date i.e., March 31st, 2023.
- Interviews with Management concerning its assets, financial and operating history and forecasted future operations
- Analysis of existing and proposed holding patterns of the Companies.
- Analysis of future expected earnings of the Companies
- Proposed Draft Composite Scheme of Arrangement.
- Other Information and documents as provided by the management.

1.5 Valuation Date

At the request of the management, the Valuation analysis has been performed as of **March 31st, 2023.**

1.6 Conflict of Interest

There is no conflict of interest in opinion on valuation analysis of the businesses of the Companies. Fees is not contingent upon the opinion expressed herein. This report is subject to the terms and conditions of the agreement as outlined in the engagement letter between Registered Valuer and the Companies.

3.2 Domestic Financial Services Market

NBFC-IFCs are expected to grow by 10-12.0 per cent in FY2024, underpinned by the Government of India's sustained focus on the infrastructure sector to boost economic growth. The reported gross stage 3.0 per cent is expected to reduce by 10-30 basis points in FY2024, helped by modest slippages and book growth. The post-tax RoMA of NBFC-IFCs is expected to rise slightly to 2.2-2.4 per cent in FY2024.

Non-banking financial businesses - infrastructure finance companies (NBFC-IFCs) developed in pace with the system and held a market share of around 54.0 per cent as of December 31, 2022. NBFC-IFCs have showed a good profitability trend, with their post-tax return on assets (RoMA) expected to be 2.2 per cent for 9M FY2023.RoMA to improve further would rise to 2.2-2.4 per cent in FY2024.

Non-banking financial businesses (NBFCs) are quickly gaining popularity as retail lending intermediaries. NBFCs fund more than 80.0 per cent of equipment leasing and hire purchase operations in India. The public funding of NBFCs rose at a CAGR of 14.0 per cent from USD 278.0 billion in 2016 to USD 470.7 billion in 2020. As of January 22, 2022, the RBI had registered 9,495 NBFCs.

The Reserve Bank of India issued a draught circular on dividend declaration by NBFCs in December 2020, proposing that NBFCs have at least 15.0 per cent Capital to Risk Weighted Assets Ratio (CRAR) for the last three years, including the accounting year for which it proposes to declare a dividend.

The Reserve Bank of India announced on September 30, 2021, that the relevant average base rate to be charged by non-banking financial companies - micro finance institutions (NBFC-MFIs) to their borrowers for the quarter commencing October 1, 2021, will be 7.9 per cent.

Rajya Sabha adopted the Factoring Regulation (Amendment) Bill in 2020, allowing 9,000 NBFCs to join in the factoring sector in July 2021. The measure also empowers the central bank to develop standards for enhanced regulation of the USD 6.0 billion factoring sector.[4]

V. VALUATION APPROACH AND METHODOLOGY

5.1 Valuation Approaches

Valuation of a business is not an exact science and ultimately depends upon what it is worth to a serious investor or buyer who may be prepared to pay a substantial goodwill. This exercise may be carried out using various methodologies, the relative emphasis of each often varying with:

- whether the entity is listed on a stock exchange
- industry to which the Company belongs
- past track record of the business and the ease with which the growth rate in cash flows to perpetuity can be estimated
- Extent to which industry and comparable company information is available.

The results of this exercise could vary significantly depending upon the basis used, the specific circumstances and professional judgment of the valuer. In respect of going concerns, certain valuation techniques have evolved over time and are commonly in vogue. These approaches can be broadly categorized as follows:

1. Asset Approach
2. Income Approach
3. Market Approach

This space is intentionally left blank

TRUE COPY

5.1.1 Asset Approach

This method determines the worth of a business by the assets it possesses. It involves examining every asset held by the company, both tangible and intangible. The value of intangibles is referred to as the company's goodwill, the difference in value between the company's hard assets and its true value.

The value arrived at under this approach is based on the financial statements of the business and may be defined as Shareholders' Funds or Net Assets owned by the business. The Net Asset Value is generally used as the minimum break-up value for the transaction since this methodology ignores the future return the assets can produce and is calculated using historical accounting data that does not reflect how much the business is worth to someone who may buy it as a going concern. Pursuant to accounting convention, most assets are reported on the books of the subject company at their acquisition value, net of depreciation where applicable. These values must be adjusted to fair market value wherever possible. Further, the balance sheet values are to be adjusted for any contingent liabilities that are likely to materialize.

Intrinsic value is at the core of fundamental analysis since it is used in an attempt to calculate the value of the total assets of the business and then compare it with the fair value.

5.1.2 Income Approach

The income approaches determine fair market value by dividing the benefit stream generated by the subject or target company by a discount or capitalization rate. The discount or capitalization rate converts the stream of benefits into present value. There are several different income approaches, including Capitalization of Earnings or cash flows, Discounted Future Cash Flows ("DCF"), and the Excess Earnings Method (which is a hybrid of asset and income approach of benefit stream to which it is applied). The result of a value calculation under the income approach is generally the fair market value of a controlling, marketable interest in the subject company, since the entire benefit stream of the subject company is most often valued, and the capitalization and discount rates are derived from statistics concerning public companies

5.1.3 Market Approach

The value of a business is determined by comparing the company's accounting ratios with another company's of the same nature and size. This approach is used, where the value of a stock is estimated based upon its current price relative to variables considered to be significant to valuation, such as earnings, cash flow, book value, or sales of various business of the same nature. Business appraisal includes comparative transaction method and publicly traded company method. Through this, it derives a relationship between performance, revenues and selling price.

5.2 Valuation Methodology Used in Oxyzo

Considering the nature, stage, and size of the business and keeping in view the necessary regulatory guidelines, in the current analysis, the Income approach- Discounted Cashflow Method has been utilized to determine the value of equity shares of Oxyzo. Once equity value has been determined, Valuer has estimated the fair value of CCPS Series A1 and Series A2 based on the terms and conditions mentioned in the CCPS agreement.

5.2.1 Income Approach – Discounted Cash Flow Method Analysis

The discounted cash flow (DCF) method is based on the following assumptions:

- A business is worth today what it can generate in future cash to its owners;
- Cash received today is worth more than an equal amount of cash received in the future; and
- Future cash flows can be reasonably estimated.

The DCF analysis is comprised of the sum of the present value of two components; projected cash flows and a residual or terminal value.

Cash flows are estimated for a future period based on projections provided by Management. These cash flows are then discounted back to their present value equivalents at a calculated discount rate or Weighted Average Cost of Capital ("WACC") and summed. A residual value based on an exit or steady state terminal multiple, which represents the future cash flows of the Company beyond the discrete projection period, is then discounted to its present value and added to the initial amount. In applying the DCF analysis it is essential that the cash flows to be discounted are clearly defined and that a discount rate appropriate for the degree of risk inherent in that return stream is established.

Free Cash Flows

The projected cash flows of Oxyzo have been provided for future years from the Valuation Date, by the management, which has been considered for the analysis. These include projected income statement, projected balance sheet, projected working capital and projected capital expenditure. Valuer has relied on the projections provided by the management and has not carried out any separate analysis for accuracy of same. Accordingly, the projected free cash flows to equity ("FCFE") have been arrived at for the purpose of valuation. Refer ***Exhibits D-1, E-1 & F-1.***

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. Considering that Oxyzo is still in the growth stage of development and is backed by professional VC/PE investors, we have relied on exit multiple method for the terminal value estimation.

TRUE COPY

Exit Multiple method takes an assumption of successful exit (via IPO or M&A) at the market observed trailing multiple.

Exit Multiple – Guideline Public Comparable Multiple Analysis

Based on the size, business model, geographic location, product and industry, Registered Valuer has identified the following comparable in the non-banking financial services ("NBFC") industry, to be considered as guideline public comparable for analysis:

- Ujjivan Financial Services Limited
- Spandana Sphoorty Financial Limited
- IndoStar Capital Finance Limited
- Capri Global Capital Limited
- Poonawalla Fincorp Limited
- Shriram Finance Limited
- Muthoot Finance Limited

Oxyzo is a fast-growing NBFC, having a strong presence pan India. The Company has posted tremendous growth in loan book size in recent years and is expecting similar growth in the projected period. Therefore, based on the large size of Oxyzo, the high growth trend observed and expected during the estimation period, and the significant growth estimated in the terminal exit year, Valuer has selected the Price to Book Value multiple between the third quartile and the high range of multiples for the guideline public comparable and applied it to the book value of Oxyzo as of the Valuation Date.

Please see ***Appendix-B*** for the comparable' company description and ***Exhibit G-1*** for the multiple analysis.

Discount Factor

The Discount Factor considered for arriving at the present value of the residual income cash-flows of the Company is the Cost of Equity (Ke). The cost of equity is computed using the Capital Asset Pricing Model (CAPM) using the formula shown below:

$Ke = rf + \beta * ERP + CSRP$

Where,

- Ke= Cost of Equity,
- rf = Risk Free Return
- β = mature market Beta, a measure of Market Risk
- ERP= Equity Risk Premium
- CSRP= Company Specific Risk Premium

TRUE COPY

Company Specific Risk Premium (CSRP) is the additional risk associated with the company pertaining to its size of operations, leverage, marketability, and other specific operational risks. Considering the forecast achievement risk, the Valuer has considered 1.0% CSRP in the analysis.

Valuer considered the cost of equity (Ke) as a discount rate in the analysis. For all inputs to the Discount rate as of the Valuation Date, please refer to ***Exhibit H-1.***

Based on the above analysis, Valuer has estimated the fair equity value of Oxyzo at **INR 82,521.0 million**, please refer to ***Exhibit B-1.***

5.3 Valuation Methodology Used in Zfirst

Considering the nature, stage, and size of the business and keeping in view the necessary regulatory guidelines, in the current analysis, Income Approach has been utilized to determine the value of equity shares of Zfirst. Given the early stage of operations and the nature of the business, Valuer didn't find a good comparable for the multiples analysis and therefore has not relied upon Market Approach analysis.

5.3.1 Income Approach – Discounted Cash Flow Method Analysis

The discounted cash flow (DCF) method is based on the following assumptions:

- A business is worth today what it can generate in future cash to its owners;
- Cash received today is worth more than an equal amount of cash received in the future; and
- Future cash flows can be reasonably estimated.

The DCF analysis is comprised of the sum of the present value of two components; projected cash flows and a residual or terminal value.

Cash flows are estimated for a future period based on projections provided by Management. These cash flows are then discounted back to their present value equivalents at a calculated discount rate or Weighted Average Cost of Capital ("WACC") and summed. A residual value based on an exit or steady state terminal multiple, which represents the future cash flows of the Company beyond the discrete projection period, is then discounted to its present value and added to the initial amount. In applying the DCF analysis it is essential that the cash flows to be discounted are clearly defined and that a discount rate appropriate for the degree of risk inherent in that return stream is established.

Free Cash Flows

The projected cash flows of Zfirst have been provided for future years from the Valuation Date, by the management, which has been considered for the analysis. These include projected income statement, projected working capital and projected capital expenditure. Valuer has relied on the projections provided by the management and has not carried out any separate analysis for accuracy of same. Accordingly, the projected free cash flows to firm ("FCFF") have been arrived at for the purpose of valuation. Refer ***Exhibits C-2, D-2 & E-2.***

Terminal Value

The terminal value refers to the present value of the business as a going concern beyond the period of projections up to infinity. This value is estimated by taking into account expected growth rates of the equity in future, sustainable capital investments required for the business as well as the estimated growth rate of the industry and economy. Valuer has assumed the terminal growth rate for Zfirst beyond the projection

TRUE COPY

period based on the dynamics of the sector and in discussion with the management. Refer ***Exhibit E-2*** for details.

Discount Factor

The Discount Factor considered for arriving at the present value of the residual income cash-flows of the Company is the Weighted Average Cost of Capital (WACC). The cost of equity is computed using the Capital Asset Pricing Model (CAPM) using the formula shown below:

Ke = rf +β * ERP+CSRP

WACC = Kd * (1-Tax) * D/(D+E) + Ke * E/(D+E)

Where,

- Ke= Cost of Equity,
- rf = Risk Free Return
- β = mature market Beta, a measure of Market Risk
- ERP= Equity Risk Premium
- CSRP= Company Specific Risk Premium
- Kd = Cost of Debt
- E = Shareholders Equity
- D = Total Debt

Company Specific Risk Premium is the additional risk associated with the company pertaining to its size, leverage, marketability, and other specific operational risks. Considering the forecast achievement risk, the Valuer has considered 5.0% CSRP in the analysis.

Cost of Debt: Based on a discussion with the management, the cost of debt is considered at 10.0%. Expected Debt to Equity has been considered based on guidelines public comparable companies.

Valuer considered the weighted average cost of capital (WACC) as a discount rate in the analysis. For all inputs to the Discount rate as of the Valuation Date, please refer to ***Exhibit F-2.***

Based on the above analysis, Valuer has estimated the fair equity value of Zfirst at **INR 1,280.0 million**.

5.4 Terms and Conditions of CCPS Series A1 & Series A2

Oxyzo intends to issue Compulsorily Convertible Preference Shares (CCPS) Series A1 and Series A2 at the total consideration of INR 839.24 million as of the Valuation Date.

General terms of CCPS Series A1 based on the Agreement provided by the Management are mentioned below:

Class of Preference Shares: 0.0001% Non-Cumulative Non-Participating Non-Voting Compulsorily Convertible Preference Shares Series A1 ("CCPS Series A1").

Face Value: The CCPS Series A1 shall carry a face value of INR 10 each.

Preferential Dividend: The holder of each CCPS Series A1 shall be entitled to a preferential dividend at the rate of 0.0001% per year for all the CCPS Series A1, till the time the CCPS Series A1 is outstanding.

Terms: Each CCPS Series A1 shall convert into 1 (one) fully paid-up equity share of the Amalgamated Company at any time at the option of the holder of the CCPS Series A1.

Voting: The holders of CCPS Series A1 shall not be entitled to exercise any voting rights until such shares are duly converted.

Conversion: Each CCPS Series A1 shall be convertible into one fully paid-up equity shares at the earlier of:

a) 1 (one) day prior to the expiry of 20 (twenty) years from the date of allotment of CCPS Series A1; and
b) in connection with an IPO, prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Amalgamated Company with the competent authority or such later date as may be permitted under applicable laws.

Transfer: CCPS Series A1 shall be locked in till June 30th, 2025 ("*Lock-in Period*") and subject to the other terms and conditions as specified in the proposed arrangement agreement provided by the management.

Further, please note that the following level of static GNPA is required to be maintained by the holders of CCPS Series A1 for a period of 15 months from June 30th, 2023, i.e., till September 30th, 2024 ("*Testing Period*"):

Requirements	Identified AuM (Rs. Cr)	GNPA
CCPS Series A1 holders	175	<3%

After Testing Period, the Amalgamated Company shall ascertain the requirement of GNPA on identified AuM, and the following conditions shall determine the maximum number of shares a holder of CCPS Series A1 would be able to sell post-expiry of the lock-in period:

TRUE COPY

GNPA	No. of shares that the holder of CCPS Series A1 would be permitted to be transfer post-expiry of the lock-in period
<3%	Upto 100% of the CCPS Series A1 held by the holders of the CCPS Series A1.
>3%	Upto 50% of such CCPS Series A1 held by the holders of the CCPS Series A1. Provided that the holders shall be entitled to transfer the balance 50% subject to the terms and conditions mentioned herein, in the event, the static GNPA could be reduced to <3%, within a period of 6 months from October 1st, 2024 to March 30th, 2025. ("*Cure Period*"). In the event the static GNPA on identified AUM <3% could not be achieved within the aforesaid Cure Period i.e. 6 months period, the balance shares can only be transferred if the following milestones are achieved: a) If static GNPA of <3% is achieved on AUM of Rs. 500 crores on or before the vesting of the CCPS Series A2; or b) Where the aforesaid milestone in clause (a) could not be achieved within the period specified therein if GNPA (non-static) of <3% is achieved on AUM of Rs. 800 crores. It is further clarified that: 1. Above mentioned GNPA condition is not applicable on 180,432 identified number of CCPS Series A1 shares ("Category Milestone 0 Shares") held by each holder of shares of CCPS Series A1 and such Category Milestone 0 Shares can be sold in parts or full by the respective holder of CCPS Series A1 post expiry of Lock-in period without complying GNPA conditions. 2. in case of achievement of 800 Cr AUM and overall GNPA (not static) of <3%, the condition of GNPA shall not be applicable.

General terms of CCPS Series A2 based on the Agreement provided by the Management are mentioned below:

Class of Preference Shares: 0.0001% Non-Cumulative Non-Participating Non-Voting Compulsorily Convertible Preference Shares Series A2 ("CCPS Series A2").

Face Value: The CCPS Series A2 shall carry a face value of INR 10 each.

Preferential Dividend: The holder of each CCPS Series A2 shall be entitled to a preferential dividend at the rate of 0.0001% per year for all the CCPS Series A2, till the time the CCPS Series A2 is outstanding.

TRUE COPY

Voting: The holders of CCPS Series A2 shall not be entitled to exercise any voting rights until such shares are duly converted.

Vesting: CCPS Series A2 to be issued and allotted to the shareholders of the Amalgamating Company (other than the Amalgamated Company) shall be deemed to be reserved or unvested shares, unless 1.5 years is completed post achieving all of the following milestones ("**Milestone**"):

Milestone	Branches	Assets under Management (AuM)	Gross Non-Performing Assets (GNPA)
For vesting of CCPS Series A2	125-150 branches	500	<3%

The outer time limit for the achievement of the Milestone shall be 5 (five) years from October 31st, 2022. In case of an event of default or expiry of outer time for achieving the Milestone, then subject to the discretion of Amalgamated Company, all unvested CCPS Series A2 shall stand forfeited.

Conversion: Each CCPS Series A2 shall convert into such number of equity shares of Amalgamated Company, as would be arrived at the basis of the following formula ("Series A2 Conversion Formula"):

No. of Equity Shares = pre-agreed issue price of CCPS Series A2/ fair market value per share of Amalgamated Company as on date of achievement of all the Milestone, which date shall be recorded by the Board of the Amalgamated Company.

Each CCPS Series A2 shall automatically be converted into equity share as per the Series A2 Conversion Formula, upon the earlier of:

a) 1 (one) day prior to the expiry of 20 (twenty) years from the date of allotment of CCPS Series A2; and
b) in connection with an IPO, prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Amalgamated Company with the competent authority or such later date as may be permitted under applicable laws.

Transfer: CCPS Series A2 shall vest after 18 (eighteen) months from the achievement of the Milestone ("*Lock-in Period*") and subject to the conditions as specified in the provided agreement by the management.

Please note that, the level of static GNPA on Milestone is required to be maintained by the holders of CCPS Series A2 for a period of 15 months from the date of achievement of Milestone ("*Testing Period*"):

After Testing Period, the Amalgamated Company shall ascertain the requirement of GNPA on identified AuM, and following conditions shall determine the maximum number of shares a holder of CCPS Series A2 would be able to sell post-expiry of the lock-in period:

GNPA	No. of shares that the holder of CCPS Series A2 would be permitted to be transfer

<3%	Upto 100% of the CCPS Series A2 held by the holders of the CCPS Series A2.
>3%	Upto 50% of such CCPS Series A2 held by the holders of the CCPS Series A2. **Provided that** the holders shall be entitled to transfer the balance 50% subject to the terms and conditions mentioned herein, in the event, the static GNPA could be reduced to <3%, within a period of 6 months from the date of the CCPS Series A2 holder approaching the Promoter for sale of CCPS Series A2 seeking approval of transfer of relevant shares. In the event the static GNPA on identified AUM <3% could not be achieved within the aforesaid 6 months period, the balance shares can only be transferred if Milestone, of Rs. 800 Cr. AUM is achieved with overall GNPA (non-static) <3%.

5.4.1 Fair Value of CCPS Series A1

Considering that the CCPS Series A1 shall immediately be convertible into equity shares and hence, the per share value of equity shares shall be the fair value for each CCPS Series A1.

5.4.2 Fair Value of CCPS Series A2

The CCPS Series A2 conversion price is dependent on some milestones i.e., branches, AuM and GNPA, and the time limit for the achievement of all the **milestones** shall be 5 (five) years from October 31st, 2022. Further, based on the current progress of the milestones and the discussion with Management, the milestone CCPS will mostly be achieved within 10 to 12 months from the Valuation Date. Considering the short time period till CCPS conversion, we have considered the undiscounted fair value of CCPS Series A2 as on the conversion date as a proxy for the fair value of CCPS Series A2. In each scenario, the Aggregate Value of Converted Equity Shares upon CCPS conversion is equivalent to the initial consideration value against which CCPS Series A2 has been issued, thus fair value per CCPS Series A2 has been considered equivalent to the pre-agreed issue price of Series A2 which is equivalent to per share value of Equity share as on the Valuation Date. VI. VALUATION FRAMEWORK & OPINION

6.1 Valuation Framework

This study is undertaken to determine the fair value of shares of both Companies based on Income and Market Approaches and recommend the share exchange ratio in connection with the proposed amalgamation of the entire business and undertaking of Zfirst with Oxyzo.

The broad framework used in arriving at a value of shares is as follows:

1. ***Determine the equity value of Zfirst*** by using Discounted Cash flow method. Please refer ***Exhibit B-2 and E-2*** for the detailed analysis.

2. ***Determine the total equity value of Oxyzo*** by using Discounted Cash flow method with Exit Multiple – Guideline Public Comparable Multiple Analysis for the terminal value estimation. Also, adjusted the investments and cash and cash equivalents available as of the Valuation Date. Please refer ***F-1 and G-1*** for the detailed analysis.

3. ***Determine the total equity value (including cash proceeds from options granted) of Oxyzo*** by adjusting the options proceeds from in-the-money options as of Valuation Date from the total equity value determined above in Step-2. Please refer ***Exhibit B-1.***

4. ***Determine per share value of each Company*** by dividing the number of outstanding common equity shares on a fully diluted basis for the respective Companies from the concluded fair value of equity of the respective Companies as determined in Step-1 and Step-3 above to arrive at per share value of common equity shares outstanding on a fully diluted basis (refer ***Exhibit A-1).***

6. ***Determine the Fair Value of each CCPS Series A1 and Series A2 of Oxyzo*** which will get converted on certain terms and conditions as mentioned above in **Section 5.4.2**. Refer ***Exhibit C-1*** for detailed analysis.

6.2 Valuation Opinion

The share exchange ratio has been estimated based on the relative valuation of both the companies, based on methodologies applied for their valuation (as described in this report above); the qualitative factors relevant to companies, industry and business outlook, and the key underlying assumptions.

Based on the valuation analysis of the businesses of the Companies, in my assessment, the share exchange ratio for the purpose of amalgamation should be:

VIII. CONDITIONS AND LIMITATIONS

8.1 Valuation Framework

The report is prepared solely for the purpose stated in the Engagement Letter and should not be used for any other purpose. Except as specifically stated in the report, the report and its contents may not be quoted or referred to, in whole or in part, in any registration statement, prospectus, public filing, loan agreement, or other agreement or document without the prior written approval of Registered Valuer. Except as set forth in this report, the report is prepared for Client use only and may not be reproduced or distributed to any third parties without Registered Valuer's prior written consent.

8.2 Scope of Analysis

The appraisal of any financial instrument or business is a matter of informed judgment. The accompanying appraisal has been prepared on the basis of information and assumptions set forth in the attached report, its appendices, underlying work papers, and these limiting conditions and assumptions.

8.3 Nature of Opinion

Neither the opinion nor the report provided or prepared by Registered Valuer are to be construed as a fairness opinion as to the fairness of an actual or proposed transaction, a solvency opinion, or an investment recommendation, but, instead, are the expression of Registered Valuer' determination of the fair value of assets between a hypothetical willing buyer and a hypothetical willing seller in an assumed transaction on an assumed valuation date. For various reasons, the price at which the assets might be sold in a specific transaction between specific parties on a specific date might be significantly different from the fair market value as expressed in the report.

8.4 Basis of analysis and Assumptions considered

Registered Valuer's analysis:

a) is based on the present financial condition and significant future business plans of the Client and its assets as of the valuation date;
b) assumes that as of the valuation date the Client and its assets will continue to operate as configured as a going concern;
c) assumes that the current level of management expertise and effectiveness would continue to be maintained and that the character and integrity of the enterprise through any sale, reorganization, exchange, or diminution of the owners' participation would not be materially or significantly changed; and
d) assumes that the Company had no undisclosed real or contingent assets or liabilities, no unusual obligations or substantial commitments, other than in the ordinary course of business, nor had any litigation pending or threatened that would have a material effect on the analysis other than those considered for valuation calculation.

TRUE COPY

e) is based on various representations given by the management in relation to the fair value of certain assets & liabilities and future business plans.

8.5 Lack of Verification of Information Provided

With the exception of any provisional financial statements, Valuer has relied on information supplied by the Client without audit or verification. Valuer have assumed that all information furnished is complete, accurate and reflects Client's management's good faith efforts to describe the status and prospects of the Client at the valuation date from an operating and a financial point of view. As part of this engagement, Valuer has relied upon publicly available data from recognized sources of financial, industry, or statistical information, which have not been verified. Moreover, Valuer have very limited information available in respect of fair value the non-marketable investments, hence relied on the book value of the assets. Book Value of assets may or may not be an indicator of fair value.

8.6 Subsequent Events

The terms of engagement are such that Valuer have no obligation to update this report or to revise the valuation because of events and transactions occurring subsequent to the date of the valuation unless Valuer are engaged to provide valuations in the future.

8.7 Legal Matters

Valuer assumes no responsibility for legal matters including interpretations of either the law or contracts. Valuer have not made any investigation of legal title and has assumed that all owners' claims to property are valid. Valuer have given no consideration to liens or encumbrances except as specifically stated in financial statements provided by management. Valuer have assumed that all required licenses, permits, etc. are in full force and effect. Valuer assumes that all applicable federal, state, local zoning, environmental and similar laws and regulations have and continue to be complied with by Client. Valuer assumes no responsibility for the acceptability of the valuation approaches used in report as legal evidence in any particular court or jurisdiction. The suitability of report and opinion for any legal forum is a matter for Client and Client's legal advisor to determine.

8.8 Testimony

Registered Valuer and his team, consultants and agents shall not provide any testimony or appear in any legal proceeding unless Valuer coordinates such testimony.

8.9 Other Limitations

- Registered Valuer has independent of the shareholders, directors and management of the company and do not have any financial association with the shareholders, directors and management of the company other than receipt of fees in connection with the professional services provided.

TRUE COPY

- The report is based on the financial projections provided to us by the management of the Company and thus the responsibility for forecasts and the assumptions on which they are based is solely that of the Management of the Company and Valuer do not provide any confirmation or assurance on the achievability of these projections. It must be emphasized that profit forecasts necessarily depend upon subjective judgement.

- The valuation worksheets prepared for the exercise are proprietary to Valuer and cannot be shared. Any clarifications on the workings will be provided on request, prior to finalizing the Report, as per the terms of engagement.

- I acknowledge that I have no present or contemplated financial interest in the Company. My fees for this valuation are based upon normal billing rates, and not contingent upon the results or the value of the business or in any other manner. I have no responsibility to modify this report for events and circumstances occurring subsequent to the date of this report.

- The figures presented in the body of report may have been calculated using electronic spreadsheets which calculate figures up to a precision of several decimal points. While rounded figures are carried to the body of the report at each stage, the higher precision unrounded numbers continue to be used in the computations. Any minor difference in figures observed on manual calculation of figures within the body of the report could be attributable to such rounding off.

- I have not attempted to confirm whether or not all assets of the business are free and clear of liens and encumbrances, or that the owner has good title to all the assets.

- I have been informed by management that there are no environmental or toxic contamination problems, any significant lawsuits, or any other undisclosed contingent liabilities which may potentially affect the business, except as may be disclosed elsewhere in this report. I have assumed that no costs or expenses will be incurred in connection with such liabilities, except as explicitly stated in this report.

- The report and conclusion of value are not intended by the valuer and should not be construed by the reader to be investment advice in any manner whatsoever. The conclusion of value represents the considered opinion, based on information furnished to them by the client and other sources. Valuer does not express any opinion on the suitability or otherwise of entering into any transaction with the Company.

- Registered Valuer has made no investigation of title to property, and assume that the owner's claim to the property is valid. Valuer has not attempted to confirm whether or not all assets of the business are free and clear of liens and encumbrances or that the entity has good title to all assets.

* The asset approach is more suitable for companies that are planning to sell their assets or liquidate, rather than companies that intend to continue operating as a going concern. Valuer understands that Oxyzo is an advanced stage company with significant operations, whereas asset approach does not captures the intrinsic value of the business in a "going concern scenario".

** Considering that the Companies are in very high growth stage. Thus, reliance over the market multiple approach has not been considered appropriate.
^^ Zfirst is in the early stage of operations and we didn't find good comparable for the multiples analysis. Hence, Valuer not relied upon Market Approach analysis.

[1] Considering the nature, stage, and size of operations and the availability of long term projections with the Management, we have given 100% weightage to Income approach. Refer to ***Exhibit B-1*** for Oxyzo ***and Exhibit B-2*** for Zfirst.

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF ZFIRST TECHNOLOGIES PRIVATE LIMITED AT ITS MEETING HELD ON 10TH AUGUST, 2023, EXPLAINING THE EFFECT OF THE COMPOSITE SCHEME OF ARRANGEMENT AMONGST ZFIRST TECHNOLOGIES PRIVATE LIMITED, ZIEL FINANCIAL TECHNOLOGIES PRIVATE LIMITED, OXYZO FINANCIAL SERVICES PRIVATE LIMITED AND THEIR RESPECTIVE SHAREHOLDERS, ON EACH CLASS OF SHAREHOLDERS (PROMOTERS AND NON-PROMOTER), CREDITORS, DIRECTORS, KEY MANAGERIAL PERSONNEL AND EMPLOYEES OF ZFIRST TECHNOLOGIES PRIVATE LIMITED AND LAYING OUT IN PARTICULAR THE SHARE EXCHANGE RATIO

A. BACKGROUND:

1. The board of directors ("**Board**") of Zfirst Technologies Private Limited ("**Amalgamating Company" or "Company**") has, at its meeting held on 10th August, 2023, approved the composite scheme of arrangement amongst the Amalgamating Company, Oxyzo Financial Services Private Limited ("**Amalgamated Company**"), Ziel Financial Technologies Private Limited, a wholly owned subsidiary of the Amalgamated Company ("**Transferee Company**"), and their respective shareholders (hereinafter referred to as the "**Scheme**"), under Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, 2013 ("**Companies Act**"), read with Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 and other rules made thereunder (including any statutory modification(s) or re-enactment(s) or amendments thereof for the time being in force), Section 2(1B), Section 2(42C) read with any other applicable provisions of the Income-Tax Act, 1961, as amended ("**IT Act**"), Regulation 59A, 94A read with any other applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**LODR Regulations**"), other applicable laws including (a) circular bearing no. SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/0000000103 dated July 29, 2022 (as updated on December 1, 2022) issued by Securities and Exchange Board of India ("**SEBI**") for Scheme(s) of Arrangement by entities who have listed their NCDs/ NCRPS ("**SEBI NCD Circular**") read with clarification issued by SEBI *vide* circular no. SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2022/170, dated December 9, 2022; and Revised Standard Operating Procedure (SOP) on application filed under Regulation 37 and 59A of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 with respect to the Scheme of Arrangements dated December 20, 2022, issued by BSE Limited ("**BSE**"); and (b) Master Direction - Non-Banking Financial Company –Systemically Important Non-Deposit taking Company and Deposit Taking Company (Reserve Bank) Directions, 2016 dated September 1, 2016 (as amended upto June 20, 2023) issued by the Reserve Bank of India.

2. The Scheme, *inter alia,* contemplates the following on and from opening of business hours on April 1, 2023, or any other date as may be ordered/directed by the National Company Law Tribunal ("**Appointed Date**"):

(a) the amalgamation of the Amalgamating Company into and with the Amalgamated Company, with effect from the Appointed Date, pursuant to Sections 230 to 232 and other relevant provisions of the Act read with Section 2(1B) of the IT Act, which, *inter alia*, provides for ("**Amalgamation**"):

(i) amalgamation of the Amalgamating Company into and with the Amalgamated Company;

ZFirst Technologies Private Limited

(ii) transfer of the authorised share capital of the Amalgamating Company to the Amalgamated Company and consequential increase in the authorised share capital of the Amalgamated Company;

(iii) cancellation of all the subscribed and issued shares of the Amalgamating Company, including the shares held by the Amalgamated Company;

(iv) issuance of fully paid-up 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares *Series A1* and 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares *Series A2* by the Amalgamated Company to the shareholders of the Amalgamating Company (other than the Amalgamated Company), in accordance with the Share Exchange Ratio (*as defined hereinafter*), without any further act, instrument or deed, in accordance with Part IV of the Scheme; and

(v) dissolution of the Amalgamating Company without being wound up;

(b) consequent upon the Amalgamation, transfer of the Transferred Undertaking (*as defined in the Scheme*) as a going concern on a Slump Sale (*as defined in the Scheme*) basis, with effect from Appointed Date from the Amalgamated Company to the Transferee Company pursuant to Sections 230 to 232 and other relevant provisions of the Act, read with Section 2(42C) of the IT Act; and

(c) various other matter incidental, consequential or otherwise integrally connected therewith;

each in the manner as more particularly described in the Scheme.

3. In terms of Section 232(2)(c) of the Companies Act, a report from the Board of the Company, explaining the effect of the Scheme *inter alia* on each class of shareholders (promoters and non-promoter shareholders), creditors, employees, key managerial personnel ("**KMP**"), directors of the Company, and specifying any special valuation difficulties, is required to be adopted by the Board.

4. Accordingly, this report of the Board is prepared to comply with the requirements of Section 232(2)(c) of the Companies Act.

5. While deliberating on the Scheme, the Board, *inter-alia*, considered and took on record the following documents:

(a) A draft of the proposed Scheme;

(b) Draft of Auditor's certificate issued by the statutory auditors of the Company, i.e. **AMRK & Associates LLP**, certifying the accounting treatment in relation to Amalgamation transaction contained in Clause 15 of Part IV of the Scheme being in compliance with applicable Accounting Standards specified by the Central Government under Section 133 of the Companies Act and the rules made thereunder;

ZFirst Technologies Private Limited

(c) Valuation report dated August 5, 2023 issued by Manuj Singhal [IBBI/RV/05/2018/10425], Registered Valuer ("**Valuation Report**"); and

(d) Other representations, reports, documents and information made to/ furnished before the Board pertaining to the draft Scheme.

B. EFFECT OF THE SCHEME ON EACH CLASS OF SHAREHOLDERS (PROMOTER SHAREHOLDERS AND NON-PROMOTER SHAREHOLDERS), KMP, DIRECTORS, CREDITORS AND EMPLOYEES OF ZFIRST TECHNOLOGIES PRIVATE LIMITED AND LAYING OUT IN PARTICULAR THE SHARE EXCHANGE RATIO, SPECIFYING ANY SPECIAL VALUATION DIFFICULTIES:

1. Valuation

The Valuation Report recommends the following Share Exchange Ratio in consideration for the Amalgamation:

a. *5,33,208 (five lakh thirty-three thousand two hundred and eight) 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A1 of the Amalgamated Company of Rs. 10 (Rupees ten) each fully paid up for every 26,81,062 (twenty-six lakhs eighty-one thousand sixty-two) equity shares of the Amalgamating Company of Rs. 10 (Rupees ten) each fully paid up; and*

b. *2,12,789 (two lakhs twelve thousand seven hundred and eighty-nine) 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A2 of the Amalgamated Company of Rs. 10 (Rupees ten) each fully paid up for every 10,69,938 (ten lakhs sixty-nine thousand nine hundred and thirty-eight) equity shares of the Amalgamating Company of Rs. 10 (Rupees ten) each fully paid up.*

("**Share Exchange Ratio**")

No special valuation difficulties were reported by the valuer.

2. Effect on the equity shareholders (promoter shareholders and non-promoter shareholders)

Upon the Scheme becoming effective, all the shareholders of the Amalgamating Company (other than the Amalgamated Company), shall become the shareholders of the Amalgamated Company in the manner as stipulated in the Scheme and shall be allotted compulsory convertible preference shares, based on the Share Exchange Ratio and containing such terms and conditions as has been approved by the Board.

ZFirst Technologies Private Limited

3. Effect on the Directors and KMPs

Upon the Scheme becoming effective, the Company shall stand dissolved without being wound up. In the circumstances, all the directors and key managerial personnel of the Company shall cease to be the directors and key managerial personnel of the Company.

The KMPs and Directors of the Company and their respective relatives may be deemed to be concerned and / or interested in the Scheme only to the extent of their shareholding in the Company (if any).

4. Effect on the creditors

Under the Scheme, no arrangement with the creditors (secured or unsecured) of the Company is being proposed. No compromise is offered under the Scheme to any of the creditors of any of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished. The creditors of the Amalgamated Company would in no way be affected by the Scheme, and all such liability owed by the Amalgamated Company shall be discharged by the Amalgamating Company.

5. Effect on staff or employees

Under the Scheme upon the Amalgamation, no rights of the staff and employees of the Amalgamating Company (who are on payroll of the Amalgamating Company) are being affected. The services of the staff and employees of the Amalgamating Company will continue with the Amalgamated Company, without any break or interruption of service and on the basis of continuity of service, and on the same terms and conditions (and which are not less favourable than those) as were applicable during the course of their employment with the Amalgamating Company as on the Effective Date.

6. Effect on deposit holders and deposit trustee:

As on date of this Report, the Company has no outstanding public deposits and therefore, the effect of the Scheme on any such public deposit holders or deposit trustees does not arise.

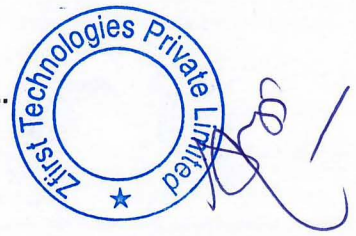

C. CONCLUSION

While deliberating the Scheme, the Board has considered its impact on each of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors and employees of the Company. As per the Board, the Scheme is in the best interest of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors and employees of the Company and there shall be no prejudice caused to them in any manner by the Scheme.

The Board has adopted this Report after noting and considering the documents and information set forth in this Report. The Board or any fully authorized committee by the Board is entitled to make relevant modifications to this Report, if required, and such modifications or amendments shall be deemed to form part of this Report.

B. **EFFECT OF THE SCHEME ON EACH CLASS OF SHAREHOLDERS (PROMOTER SHAREHOLDERS AND NON-PROMOTER SHAREHOLDERS), KMP, DIRECTORS, CREDITORS AND EMPLOYEES OF OXYZO FINANCIAL SERVICES PRIVATE LIMITED AND LAYING OUT IN PARTICULAR THE SHARE EXCHANGE RATIO, SPECIFYING ANY SPECIAL VALUATION DIFFICULTIES:**

1. Valuation

Amalgamation:

The Valuation Report recommends the following Share Exchange Ratio:

a. *5,33,208 (five lakh thirty-three thousand two hundred and eight) 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A1 of the Amalgamated Company of Rs. 10 (Rupees ten) each fully paid up for every 26,81,062 (twenty-six lakhs eighty-one thousand sixty-two) equity shares of the Amalgamating Company of Rs. 10 (Rupees ten) each fully paid up; and*

M.G. Road, Gurugram-122002
Contact: 0124- 4006603
Email: compliance@oxyzo.in
Website: www.oxyzo.in

b. *2,12,789 (two lakhs twelve thousand seven hundred and eighty-nine) 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A2 of the Amalgamated Company of Rs. 10 (Rupees ten) each fully paid up for every 10,69,938 (ten lakhs sixty-nine thousand nine hundred and thirty-eight) equity shares of the Amalgamating Company of Rs. 10 (Rupees ten) each fully paid up.*

("**Share Exchange Ratio**")

No special valuation difficulties were reported by the valuer.

Slump Sale:

As the Transferee Company is a wholly owned subsidiary of the Company, no separate valuation has been carried out for transfer and vesting of the Transferred Undertaking on a Slump Sale basis to the Transferee Company and such transfer shall take place for a lump sum consideration of Rs. 4,94,00,763 (Rupees four crore ninety four lakh seven hundred and sixty three), without value being assigned to the individual assets and liabilities.

2. Effect on the shareholders (promoter shareholders and non-promoter shareholders)

Upon the Scheme becoming effective, all the shareholders of the Amalgamating Company (other than the Amalgamated Company), shall become the shareholders of the Amalgamated Company in the manner as stipulated in the Scheme and shall be allotted compulsory convertible preference shares, based on the Share Exchange Ratio and containing such terms and conditions as has been approved by the Board.

As the shares to be issued are compulsorily convertible in nature, upon their issuance, based on the existing shareholding of the promoter and promoter group in the Amalgamated Company as on the date of this report, the shareholding on a fully diluted basis of the promoter group will decrease.

Apart from dilution, there is not expected to be any adverse effects on the shareholders of the Company.

3. Effect on the Directors and KMPs

The Scheme would not have any effect on the KMPs and Directors of the Company.

The KMPs and Directors of the Company and their respective relatives may be deemed to be concerned and / or interested in the Scheme only to the extent of their shareholding in the Company (if any).

4. Effect on the creditors

Under the Scheme, no arrangement with the creditors (secured or unsecured) of the Company is being proposed. No compromise is offered under the Scheme to any of the creditors of any of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.

5. Effect on staff or employees

The Scheme would not have any effect on the rights of the staff and employees currently being engaged by the Company.

Upon the Scheme becoming effective:

(a) all the staff and employees of the Amalgamating Company who are in such employment as on the Effective Date shall become and be deemed to have become, the employees of the Amalgamated Company without any break or interruption of service and on the basis of continuity of service, and on the same terms and conditions (and which are not less favourable than those) as were applicable during the course of their employment with the Amalgamating Company as on the Effective Date; and

(b) all the staff and employees forming part of the Transferred Undertaking shall become and be deemed to have become, the employees of the Transferee Company without any break or interruption of service and on the basis of continuity of service, and on the same terms and conditions (and which are not less favourable than those) as were applicable during the course of their employment.

6. Effect on deposit holders and deposit trustee:

As on date of this Report, the Company has no outstanding public deposits and therefore, the effect of the Scheme on any such public deposit holders or deposit trustees does not arise.

C. **EFFECT OF THE SCHEME ON THE NCD HOLDERS OF OXYZO FINANCIAL SERVICES PRIVATE LIMITED**

1. **Impact of the Scheme on the NCD Holders**

There will not be any impact on the debenture holders of the Company pursuant to the Scheme. The current debenture holders will continue to be served by the Company and none of the existing terms and conditions associated with the debentures are being proposed to be altered under the Scheme. Therefore, the Scheme will not have any adverse impact on the holders of the debentures and thus adequately safeguards interests of the holders of the debentures.

2. **Safeguards for the Protection of the NCD Holder and Exit offer to the Dissenting NCD Holders**

As the Scheme does not in any manner affect the interest of the holders of debentures, nor does it impact the ability of the Company to discharge its obligations towards the debentures, no safeguards are being proposed under the Scheme, nor is any exit offer being offered to the dissenting holders of debentures.

D. **CONCLUSION**

While deliberating the Scheme, the Board has considered its impact on each of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors and employees of the Company. As per the Board, the Scheme is in the best interest of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors, employees and the debenture holders of the Company and there shall be no prejudice caused to them in any manner by the Scheme.

The Board has adopted this Report after noting and considering the documents and information set forth in this Report. The Board or any fully authorized committee by the Board is entitled to make relevant modifications to this Report, if required, and such modifications or amendments shall be deemed to form part of this Report.

2. The Scheme, *inter alia,* contemplates the following on and from opening of business hours on April 1, 2023, or any other date as may be ordered/directed by the National Company Law Tribunal ("**Appointed Date**"):

   (a) the amalgamation of the Amalgamating Company into and with the Amalgamated Company, with effect from the Appointed Date, pursuant to Sections 230 to 232 and other relevant provisions of the Act read with Section 2(1B) of the IT Act, which, *inter alia*, provides for ("**Amalgamation**") and consequent dissolution of the Amalgamating Company without being wound up;

(b) consequent upon the Amalgamation, transfer of the Transferred Undertaking (*as defined in the Scheme*) as a going concern on a Slump Sale (*as defined in the Scheme*) basis, with effect from Appointed Date from the Amalgamated Company to the Transferee Company pursuant to Sections 230 to 232 and other relevant provisions of the Act, read with Section 2(42C) of the IT Act; and

(c) various other matter incidental, consequential or otherwise integrally connected therewith;

each in the manner as more particularly described in the Scheme.

3. In terms of Section 232(2)(c) of the Companies Act, a report from the Board of the Company, explaining the effect of the Scheme *inter alia* on each class of shareholders (promoters and non-promoter shareholders), creditors, employees, key managerial personnel ("**KMP**"), directors of the Company, and specifying any special valuation difficulties, is required to be adopted by the Board.

4. Accordingly, this report of the Board is prepared to comply with the requirements of Section 232(2)(c) of the Companies Act.

5. While deliberating on the Scheme, the Board, *inter-alia*, considered and took on record the following documents:

(a) A draft of the proposed Scheme;

(b) Draft Auditor's certificate issued by the statutory auditors of the Company, i.e. **AMRK & Associates LLP**, certifying the accounting treatment in relation to Slump Sale transaction contained in Clause 22 of Part V of the Scheme being in compliance with applicable Accounting Standards specified by the Central Government under Section 133 of the Companies Act and the rules made thereunder; and

(c) Other representations, reports, documents and information made to/ furnished before the Board pertaining to the draft Scheme.

B. **EFFECT OF THE SCHEME ON EACH CLASS OF SHAREHOLDERS (PROMOTER SHAREHOLDERS AND NON-PROMOTER SHAREHOLDERS), KMP, DIRECTORS, CREDITORS AND EMPLOYEES OF ZIEL FINANCIAL TECHNOLOGIES PRIVATE LIMITED AND LAYING OUT IN PARTICULAR THE SHARE EXCHANGE RATIO, SPECIFYING ANY SPECIAL VALUATION DIFFICULTIES:**

1. <u>Valuation</u>

In consideration of the transfer and vesting of the Transferred Undertaking of the Amalgamated Company as a going concern to the Transferee Company on a Slump Sale basis, the Transferee Company shall pay a lump sum cash consideration of **Rs. 4,94,00,763 (Rupees Four crore Ninety-Four Lakh Seven Hundred and Sixty-Three)** to the Amalgamated Company, without value being assigned to the individual assets and liabilities.

Ziel Financial Technologies Private Limited

The Company is a wholly owned subsidiary of the Amalgamated Company and therefore, no separate valuation has been carried out for the transfer of the Transferred Undertaking.

2. **Effect on the equity shareholders (promoter shareholders and non-promoter shareholders)**

Under the Scheme, no shares are being issued to the Company or by the Company. Therefore, there shall be no impact on the shareholders of the Company.

3. **Effect on the Directors and KMPs**

The directors or KMPs of the Company or their relatives do not have any interest in the Scheme, financially or otherwise.

4. **Effect on the creditors**

Under the Scheme, there is no arrangement with the creditors (secured or unsecured) of the Company. No compromise is offered under the Scheme to any of the creditors of any of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished. The creditors of the Transferred Undertaking would in no way be affected by the Scheme, and all such liability owed by the Amalgamated Company in relation to the Transferred Undertaking shall be discharged by the Transferee Company.

5. **Effect on staff or employees**

The Scheme would not have any effect on the rights of the staff and employees currently being engaged by the Company.

Upon the Scheme becoming effective, all the staff and employees forming part of the Transferred Undertaking shall become and be deemed to have become, the employees of the Transferee Company without any break or interruption of service and on the basis of continuity of service, and on the same terms and conditions (and which are not less favourable than those) as were applicable during the course of their employment.

6. **Effect on deposit holders and deposit trustee:**

As on date of this Report, the Company has no outstanding public deposits and therefore, the effect of the Scheme on any such public deposit holders or deposit trustees does not arise.

C. **CONCLUSION**

While deliberating the Scheme, the Board has considered its impact on each of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors and employees of the Company. As per the Board, the Scheme is in the best interest of the shareholders (promoter and non-promoter shareholders), KMPs, directors, creditors and employees of the Company and there shall be no prejudice caused to them in any manner by the Scheme.

Ziel Financial Technologies Private Limited

The Board has adopted this Report after noting and considering the documents and information set forth in this Report. The Board or any fully authorized committee by the Board is entitled to make relevant modifications to this Report, if required, and such modifications or amendments shall be deemed to form part of this Report.

Sub: Certificate on the proposed accounting treatment in the Composite Scheme of Arrangement in pursuance of the provisions of the Companies Act, 2013 ('The Act')

We, AMRK and Associates, the statutory auditors of Zfirst Technologies Private Limited, (hereinafter referred to as "**Company**"), have examined the proposed accounting treatment specified in clause 15 of the draft composite scheme of arrangement ("**Draft Scheme**") amongst **Zfirst Technologies Private Limited** (Amalgamating Company); **Oxyzo Financial Services Private Limited** (Amalgamated Company); **Ziel Financial Technologies Private Limited** (Transferee Company) (collectively, the "**Companies**") and their respective shareholders is in terms of the provisions of sections 230 to 232 of the Companies Act, 2013 with reference to its compliance with the applicable Accounting Standards notified under the Companies Act, 2013 and Other Generally Accepted Accounting Principles.

The responsibility for the preparation of the Draft Scheme and its compliance with the relevant laws and regulations, including the applicable Accounting Standards as aforesaid, is that of the Board of Directors of the Companies involved. Our responsibility is only to examine and report whether the Draft Scheme complies with the applicable Accounting Standards and Other Generally Accepted Accounting Principles. Nothing contained in this Certificate, nor anything said or done in the course of, or in connection with the services that are subject to this Certificate, will extend any duty of care that we may have in our capacity of the statutory auditors of any financial statements of the Company. We carried out our examination in accordance with the Guidance Note on Audit Reports and Certificates for Special Purposes, issued by the Institute of Chartered Accountants of India.

Based on our examination and according to the information and explanations given to us, since, upon the Scheme becoming effective, the Company shall stand dissolved without being wound up and considering no specific accounting treatment in the books of the Company has been prescribed in the Draft Scheme, in our opinion, the question of compliance of the accounting treatment in the books of Company with applicable accounting standards does not arise.

Sub: Certificate on the proposed accounting treatment included in the composite scheme of arrangement pursuant to the provisions of the Companies Act, 2013 and the rules made thereunder

This certificate is issued in accordance with the terms of our engagement letter dated 10 August 2023 pursuant to the provisions of section 230 to 232 of the Companies Act, 2013 ('the Act') & the rules made thereunder and Securities and exchange Board of India ('SEBI') circular SEBI/HO/DDHS/DDHS_Div 1/P/CIR/2022/0000000103 dated 29 July 2022 as amended from time to time, wherein, the management of Oxyzo Financial Services Private Limited (hereinafter referred to as "the Company or the Amalgamated Company") has requested us to certify whether:

a) the accounting treatment specified in Clause 15.1 under Part IV and 22.1 under Part V of the composite scheme of arrangement amongst Zfirst Technologies Private Limited ("the Amalgamating Company"), Ziel Financial Technologies Private Limited ("the Transferee Company") and the Company and their respective shareholders under sections 230 to 232 of the Companies Act, 2013 ("Act"), approved on 10 August 2023 by the Board of Directors of the Company ("Proposed Scheme") is in conformity with the accounting standards specified under Section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standard) Rules, 2015 ('relevant accounting standards'); and

b) the Amalgamated Company is capable of payment of interest / repayment of principal as on 31 March 2023.

Management's Responsibility

The Company's Management is responsible for the preparation of the Proposed Scheme and its compliance with the relevant laws and regulations including the accounting treatment being in accordance with relevant accounting standards specified under the Act and as per other applicable laws and regulations.

The Company's Management is responsible for preparation and maintenance of adequate accounting records in accordance with the provisions of the Act; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Proposed Scheme.

Auditor's Responsibility

Our responsibility is to examine and report on whether the proposed accounting treatments in the books of the Company specified in clause 15.1 of Part IV and clause 22.1 of Part V of the Proposed Scheme and as reproduced below is in conformity with the relevant accounting standards.

a. Proposed Accounting Treatment in the Books of Amalgamated Company under para 15.1 of the proposed scheme:

   1. Upon the Scheme being effective, the Amalgamated Company shall account for the amalgamation of the Amalgamating Company into and within its books of accounts as per the "Pooling of Interest Method" in accordance with the Appendix C of Indian Accounting Standard 103 on Business Combinations

notified under Section 133 of the Act.

2. All assets, liabilities and reserves of the Amalgamating Company shall be recorded in the books of account of the Amalgamated Company at their existing carrying amounts and in the same form as recorded in the books of the Amalgamating Company. The identity of the reserves shall be preserved and shall appear in the financial statements of the Amalgamated Company in the same form in which they appeared in the financial statements of the Amalgamating Company;

3. The difference between the amount recorded as share capital issued by the Amalgamated Company and the value of assets, liabilities and reserves recorded by the Amalgamated Company shall be transferred to reserves;

4. Pursuant to the amalgamation of the Amalgamating Company into and with the Amalgamated Company, inter-company balances between the Amalgamating Company and the Amalgamated Company, if any, appearing in the books of the Amalgamated Company shall stand cancelled.

5. In case of any difference in the accounting policies between the Amalgamating Company and the Amalgamated Company, the accounting policies followed by the Amalgamated Company shall prevail to ensure that the financial statements of the Amalgamated Company reflect the financial position on the basis of consistent accounting policy.

b. Proposed Accounting Treatment in the Books of Amalgamated Company under para 22.1 of the proposed scheme:

1. The accounts representing the assets and liabilities pertaining to the Transferred Undertaking in the books of the Amalgamated Company shall stand closed upon the transfer of the Transferred Undertaking to the Transferee Company. The Amalgamated Company shall account for the transfer and vesting of the Transferred Undertaking by de-recognizing the carrying values of the assets and liabilities of the Transferred Undertaking, which will cease to be the assets and liabilities of the Amalgamated Company in accordance with applicable accounting standards.

2. The consideration receivable by the Amalgamated Company from the Transferee Company as specified in Part V of the Scheme shall be separately recorded as "Receivable Balance."

3. Any difference arising on account of excess of the net assets transferred over the consideration for Slump Sale or vice versa shall be debited or credited, as the case may be, to the statement of the profit and loss account.

We have conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) I, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

a. Based on our examination, the accounting treatment proposed in clause 15.1 of Part IV and clause 22.1 of Part V of the Proposed Scheme is in compliance with the applicable accounting standards prescribed under section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standard) Rules, 2015 and other accounting principles generally accepted in India.

b. Considered the separate audited standalone financial statements of the amalgamating and the amalgamated companies as at and for the year ended 31 March 2023 wherein the respective statutory auditors of the companies have issued an unmodified audit opinion on the above standalone financial statements vide their reports dated 19 May 2023 and 23 May 2023 respectively. Having regard to the above standalone audited financial statements of the amalgamating and amalgamated companies, considering that none of the statutory auditors have reported on the existence of any material uncertainty pertaining to going concern or solvency

matters in their audit reports for the year ended 31 March 2023, in our opinion, the amalgamated company is capable of payment of interest / repayment of principal. We, however, state that this is not an assurance as to the future viability of the amalgamated company. We further state that our reporting is based on the facts up to the date of this certificate and we neither give any guarantee nor any assurance that all liabllities will get discharged by the amalgamated company as and when they fall due.

Restrictions:

This certificate is issued at the specific request of the Company solely for the purpose of their record to comply with the relevant provisions of the Act and for onward submission to the relevant statutory authorities including stock exchanges in terms of Securities Exchange Board of India (SEBI) operational Circular No. SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/0000000103 dated 29 July, 2022, as may be necessary to give effect to the Proposed Scheme and is not to be filed anywhere or used for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Dear Sir/Madam,

Sub: Observation Letter regarding the composite Scheme of Arrangement between Zfirst Technologies Private Limited, OXYZO Financial Services Private Limited and Ziel Financial Technologies Private Limited

We are in receipt of the Scheme of Arrangement between Zfirst Technologies Private Limited, OXYZO Financial Services Private Limited and Ziel Financial Technologies Private Limited(entities) as required under SEBI Master circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/665 dated November 23, 2021 along with SEBI circular no. SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2022/156 dated November 17, 2022 and Regulation 59A & 94A & Schedule XI OF Listing Regulations and Chapter XII of the SEBI operational Circular ref. no. SEBI/HO/DDHS/DDHS_Div1/P/CIR/2022/0000000103 dated July 29,2022, SEBI (LODR) Regulations, 2015; SEBI vide its letter dated January 12, 2024, has inter alia given the following comment(s) on the Scheme of Arrangement:

A. **"The entities involved in the proposed scheme shall not provide any mis-statement or furnish false information with regard to disclosures to be made in the draft scheme of amalgamation as per Chapter XII of the Operational Circular, for listing obligations and disclosure requirements for Non- Convertible Securities, Securitized Debt Instrument and/ or Commercial Paper."**

B. **"The entities involved in the scheme are advised that the observations of SEBI/Stock Exchanges shall be incorporated in the petition to be filed before Hon'ble NCLT and the Company obliged to bring the observations to the notice of Hon'ble NCLT."**

C. **"Company shall ensure that additional information, if any, submitted by the Listed Entity, after filing the Scheme with the Stock Exchange, from the date of receipt of this letter, is displayed on the websites of the Listed Entity and the Stock Exchange."**

D. **"The Listed Entity involved in the proposed scheme shall disclose the No-Objection letter of the Stock Exchange on its website within 24 hours of receiving the same."**

E. **"Company shall ensure to disclose all details of ongoing adjudication & recovery proceedings, prosecution initiated and all other enforcement action taken, if any, against the Resultant Company, its promoters and directors are disclosed in the scheme filed before Hon'ble NCLT."**

F. **"The Resultant Company shall ensure that the "Scheme" shall be acted upon subject to the entities complying with the relevant clause mentioned in the scheme document."**

G. **"Company to ensure that no changes to the draft Scheme except those mandated by the regulators/ authorities / tribunals shall be made without specific written consent of SEBI."**

H. **"Company shall ensure that the entities involved in the proposed scheme have compiled with the relevant provisions of the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Covenants of the Debenture Trust Deeds entered with the Debenture Trustee(s) any other relevant regulations and circulars."**

I. **"It is to be noted that the petitions are filed by the Company before Hon'ble NCLT after processing and communication of comments/observations on draft Scheme by SEBI/Stock Exchange. Hence, the Company is not required to send notice for representation as mandated under section 230(5) of Companies Act, 2013 to SEBI again for its comments/observations/representations."**

Accordingly, based on aforesaid comment offered by SEBI, the company is hereby advised:

i. To provide additional information, if any, (as stated above) along with various documents to the Exchange for further dissemination on Exchange website.
ii. To ensure that additional information, if any, (as stated aforesaid) along with various documents are disseminated on their (company) website.
iii. To duly comply with various provisions of the circulars.

In light of the above, we hereby advise that we have no adverse observations with limited reference to those matters having a bearing on listing/de-listing/continuous listing requirements within the provisions of Listing Agreement, so as to enable the company to file the scheme with Hon'ble NCLT.

Further, where applicable in the explanatory statement of the notice to be sent by the company to the shareholders, while seeking approval of the scheme, it shall disclose information about unlisted company involved in the format prescribed for abridged prospectus as specified in the circular dated March 10, 2017.

Kindly note that as required under Regulation 59A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the validity of this Observation Letter shall be six months from the date of this Letter, within which the scheme shall be submitted to the NCLT.

The Exchange reserves its right to withdraw its 'No adverse observation' at any stage if the information submitted to the Exchange is found to be incomplete / incorrect / misleading / false or for any contravention of Rules, Bye-laws and Regulations of the Exchange, Listing Agreement, Guidelines/Regulations issued by statutory authorities.

Please note that the aforesaid observations does not preclude the Company from complying with any other requirements.
